

WILDERNESS

SOLO LADIES
AN AFRICAN ADVENTURE

For four decades, Wilderness has been creating impactful travel journeys. One of Africa's leading conservation and hospitality companies, we specialise in exclusive end-to-end journeys across eight African countries.

From the continent's finest luxury safari camps to lodges and hotels, we also provide DMC services: all-inclusive, tailor-made and at highly competitive pricing throughout Southern and East Africa.

WILDERNESS

Join us on this journey to discover Earth's ultimate, untamed places. We can't wait to share with you a classic African safari in wild Zambia and Zimbabwe. Here, exceptional wildlife and the magnificent Zambezi region come together to make a Southern African safari unforgettable.

Marvel at the Natural Wonder that is the majestic Victoria Falls. Canoe down the legendary Lower Zambezi River as the sky turns orange. Explore Zambia's largest protected area. Unfenced and untamed, Kafue is known for its predators and boundless Busanga Plains.

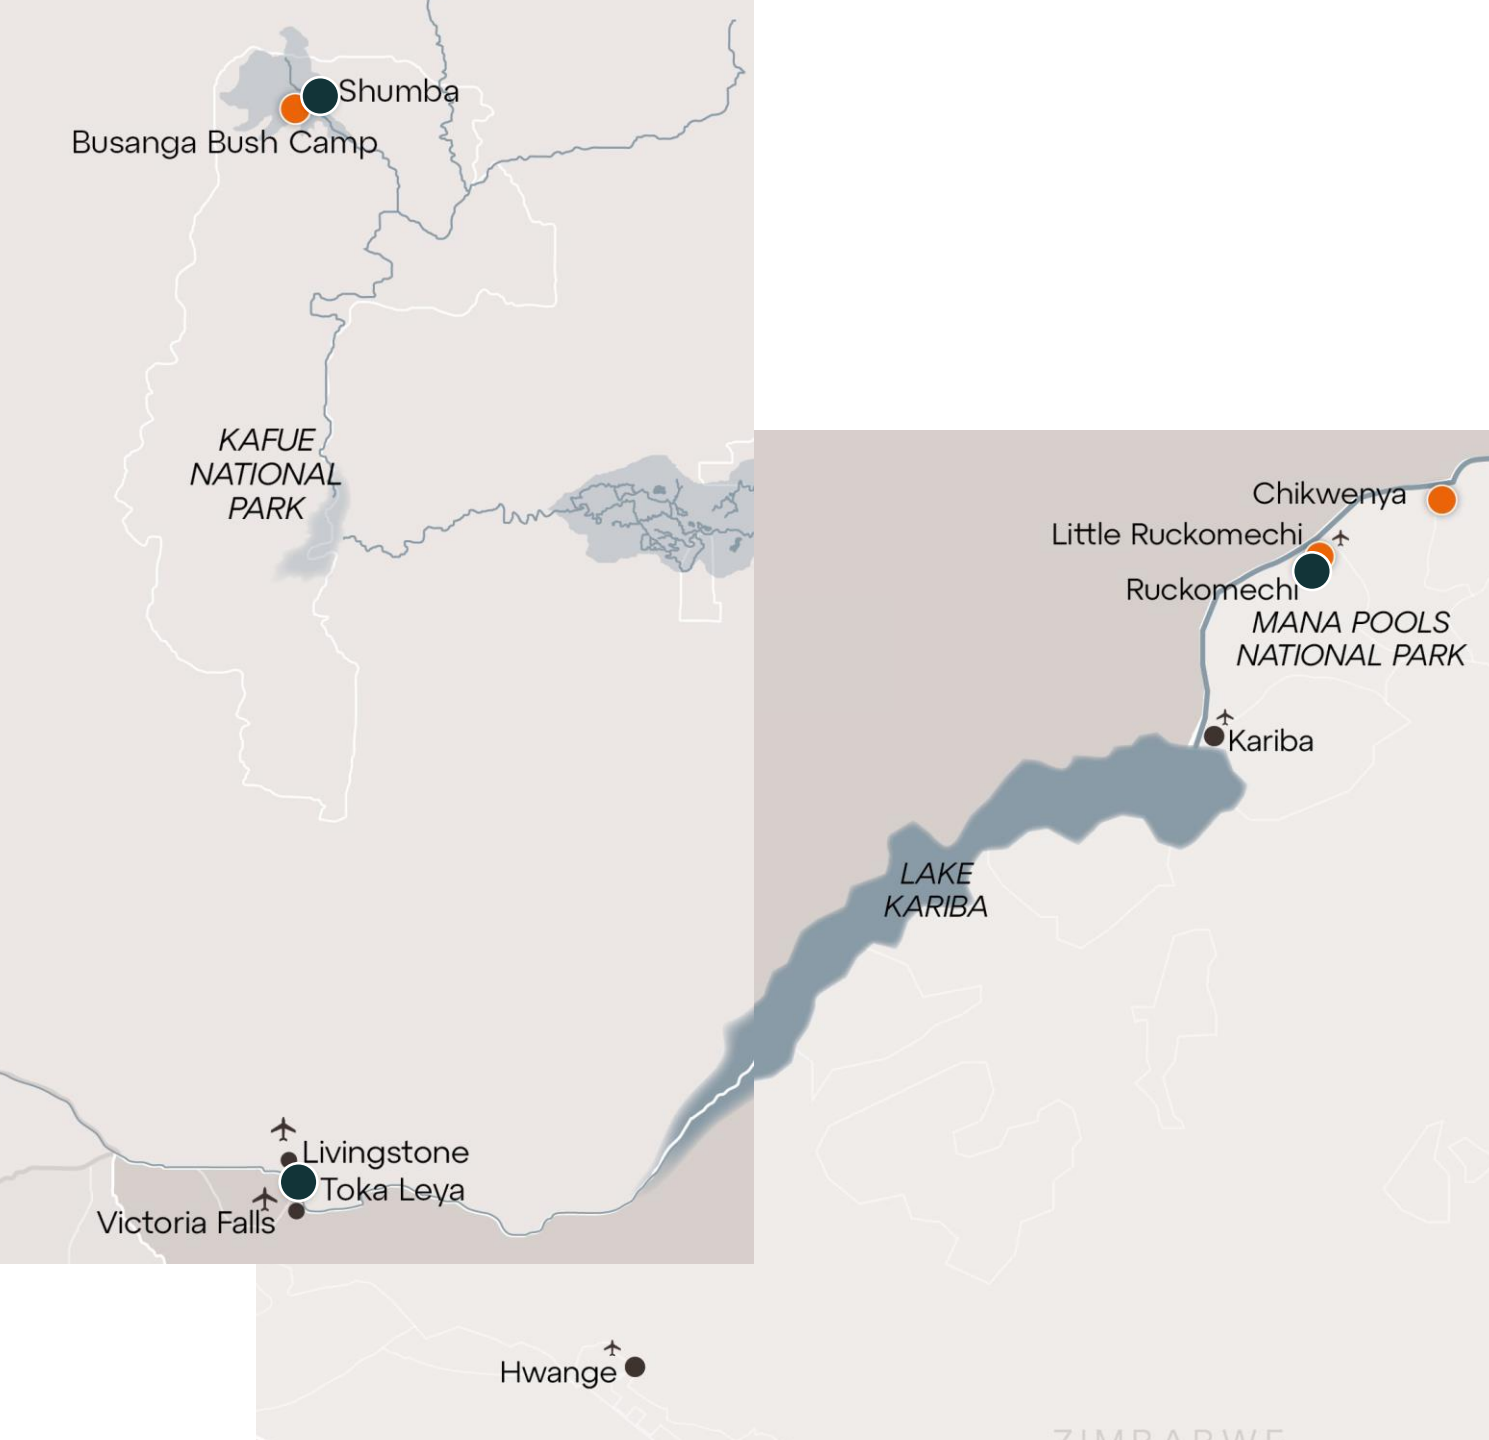

See the elephants of Mana Pools stretch, reaching for pods at the top of the area's iconic ana trees. Gather around the campfire in the evenings, sharing stories.

Meet the people who live alongside Zimbabwe's wildlife; see community and conservation prioritised at once, from Children in the Wilderness Eco-Clubs at neighbouring rural schools to the Scorpion Anti-Poaching Unit in action..

This is wilderness as you've never experienced it before.

YOUR HOST

Alison May

Sales Manager - North America

We Are Wilderness

Since our humble beginnings in 1983, the focus of our Impact has never changed: to restore and help conserve invaluable wilderness and wildlife through low-volume high-value conservation tourism, while ensuring empowerment and upliftment of local communities living in or near these iconic wild places.

It's a collective purpose.

One that is shared with our guests, partners, donors, governments, local communities and researchers. Our ambitions are bold. We aim to double the wilderness in our care over the next few years and extend our impact across the planet.

Our model is responsible, sustainable, inspiring. Our safaris change the lives of not just our guests, but also of our staff, neighbouring communities, and the very ecosystems we impact.

OUR IMPACT ON CONSERVATION AND COMMUNITIES

Across the majority of our areas of operation, limited access to education and economic opportunity lead to over-reliance on the environment and threats to biodiversity conservation. Our Impact framework seeks to address these challenges through three pillars.

THREE PILLARS OF OUR IMPACT STRATEGY

EMPOWER

Employment and local small-business support reduce reliance on natural resources. This mitigates the knock-on impact on wilderness and wildlife

EDUCATE

Children in the Wilderness runs environmental education programmes in partner schools to improve economic opportunity, family resilience and support for conservation.

PROTECT

The Wilderness Trust NPO supports projects addressing the needs of existing wildlife populations, seeks solutions to conserve endangered species and provides education for communities.

THANK YOU
