TANZANIA

November 2024

GENERAL UPDATES

Kusini Airstrip closed for maintenance

Kusini Airstrip will be closing for urgent maintenance, and is expected to reopen in mid-December. All December bookings should transfer to Ndutu Airstrip as a precaution. Transfers take 2–3 hours. Wilderness will absorb park fees and vehicle costs for travel until December 31 2024.

Visa applications

Although the Tanzanian government has circulated a statement that visas can be obtained upon arrival, there have been recent reports of struggles with this, and we therefore urge you to please advise guests to obtain their visas prior to travel, via the online [portal](#).
