## UNIQUE SELLING POINTS

# Vumbura Plains

- Finest multi-purpose concession in the Okavango Delta for wildlife, and year-round land and water activities.
- The beauty of the floodplains, deep waterways, and riverine and island woodlands, as well as productive, dry interior, are explored through an extensive range of activities: day and night game drives, nature walks, boating, mokoro and helicopter rides.
- The extent of habitat is well illustrated in the diversity of antelopes and vast array of large – and small – predators (lion prides, African wild dogs, leopards and occasional cheetah, raptors) resulting in an immensely rich and thrilling wildlife experience.

VUMBURA PLAINS PURPOSE

# Supporting our communities

Meaningful, long-term community engagement with the Okavango Community Trust (OCT) - representing five local villages - which continues to innovate in contributions to improving lives and livelihoods in the region.

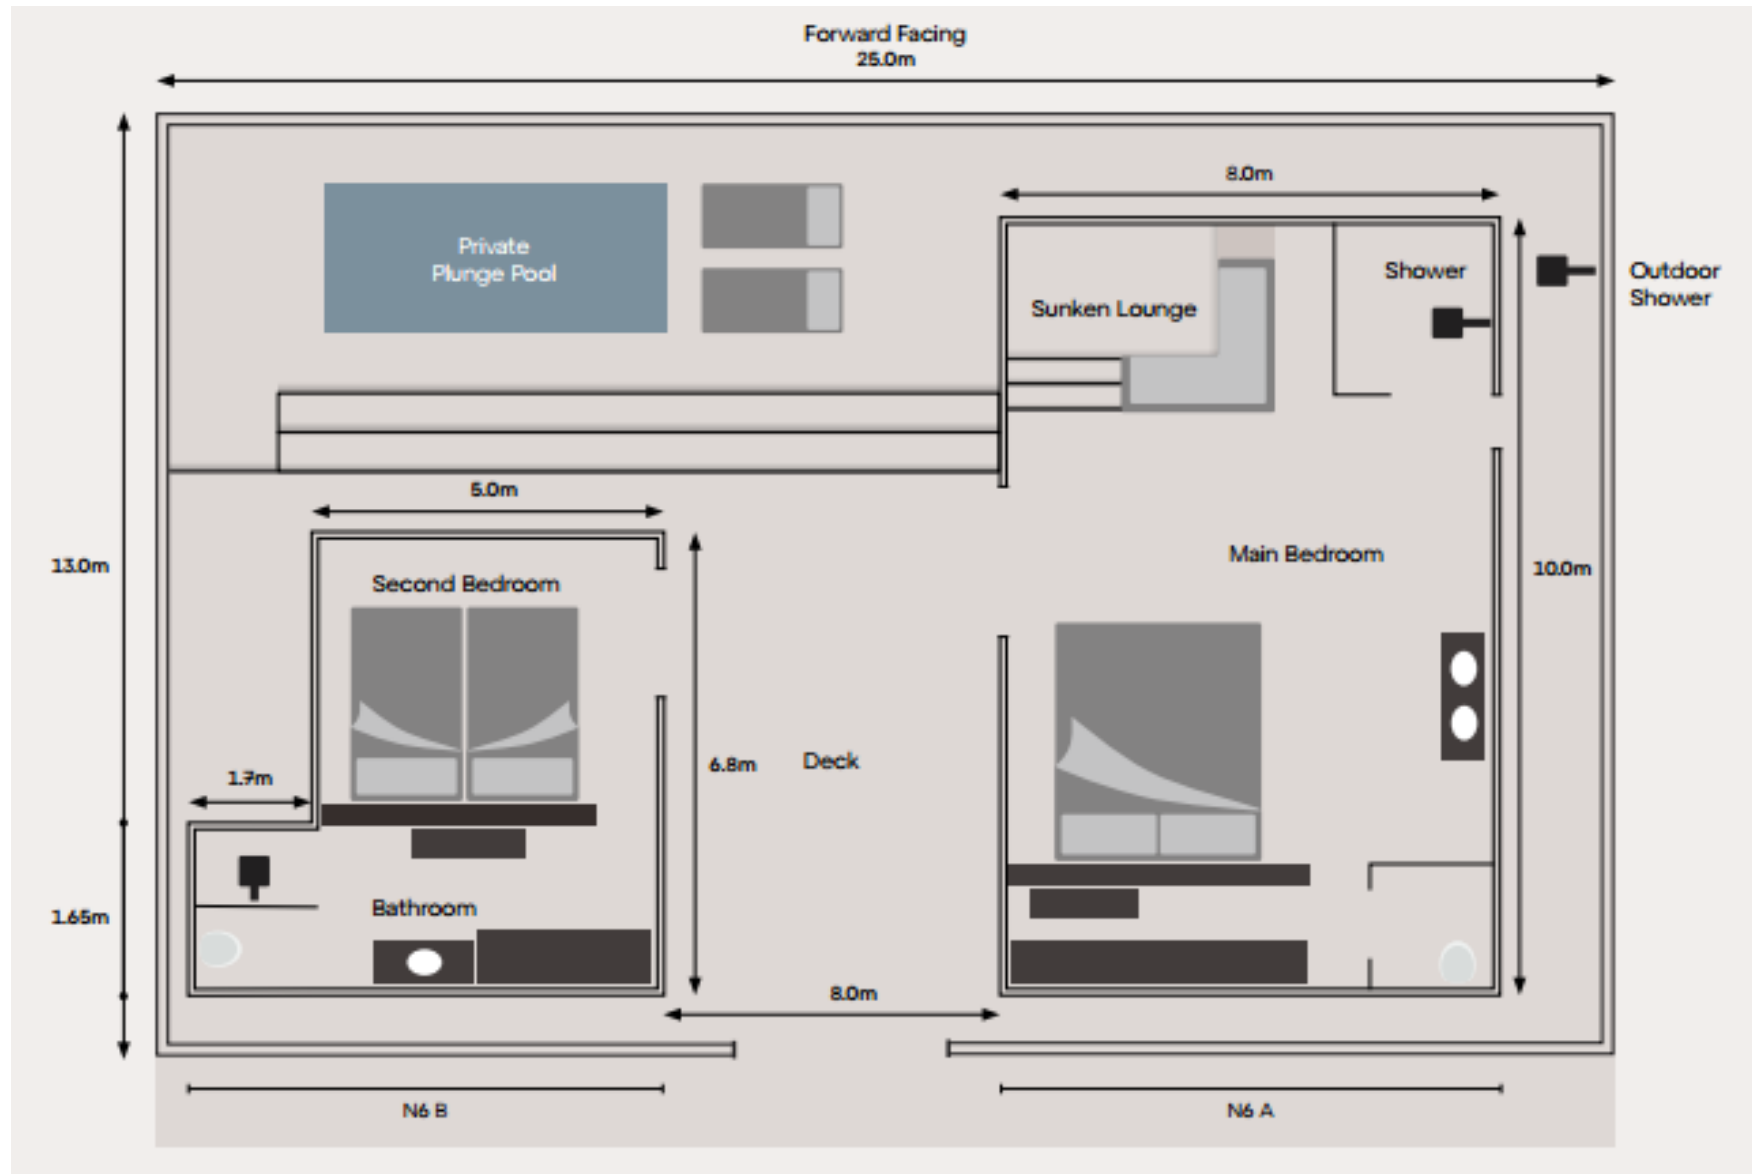

The largest number of employees within our Botswana operations are employed from these five villages.

## ACCOMMODATION

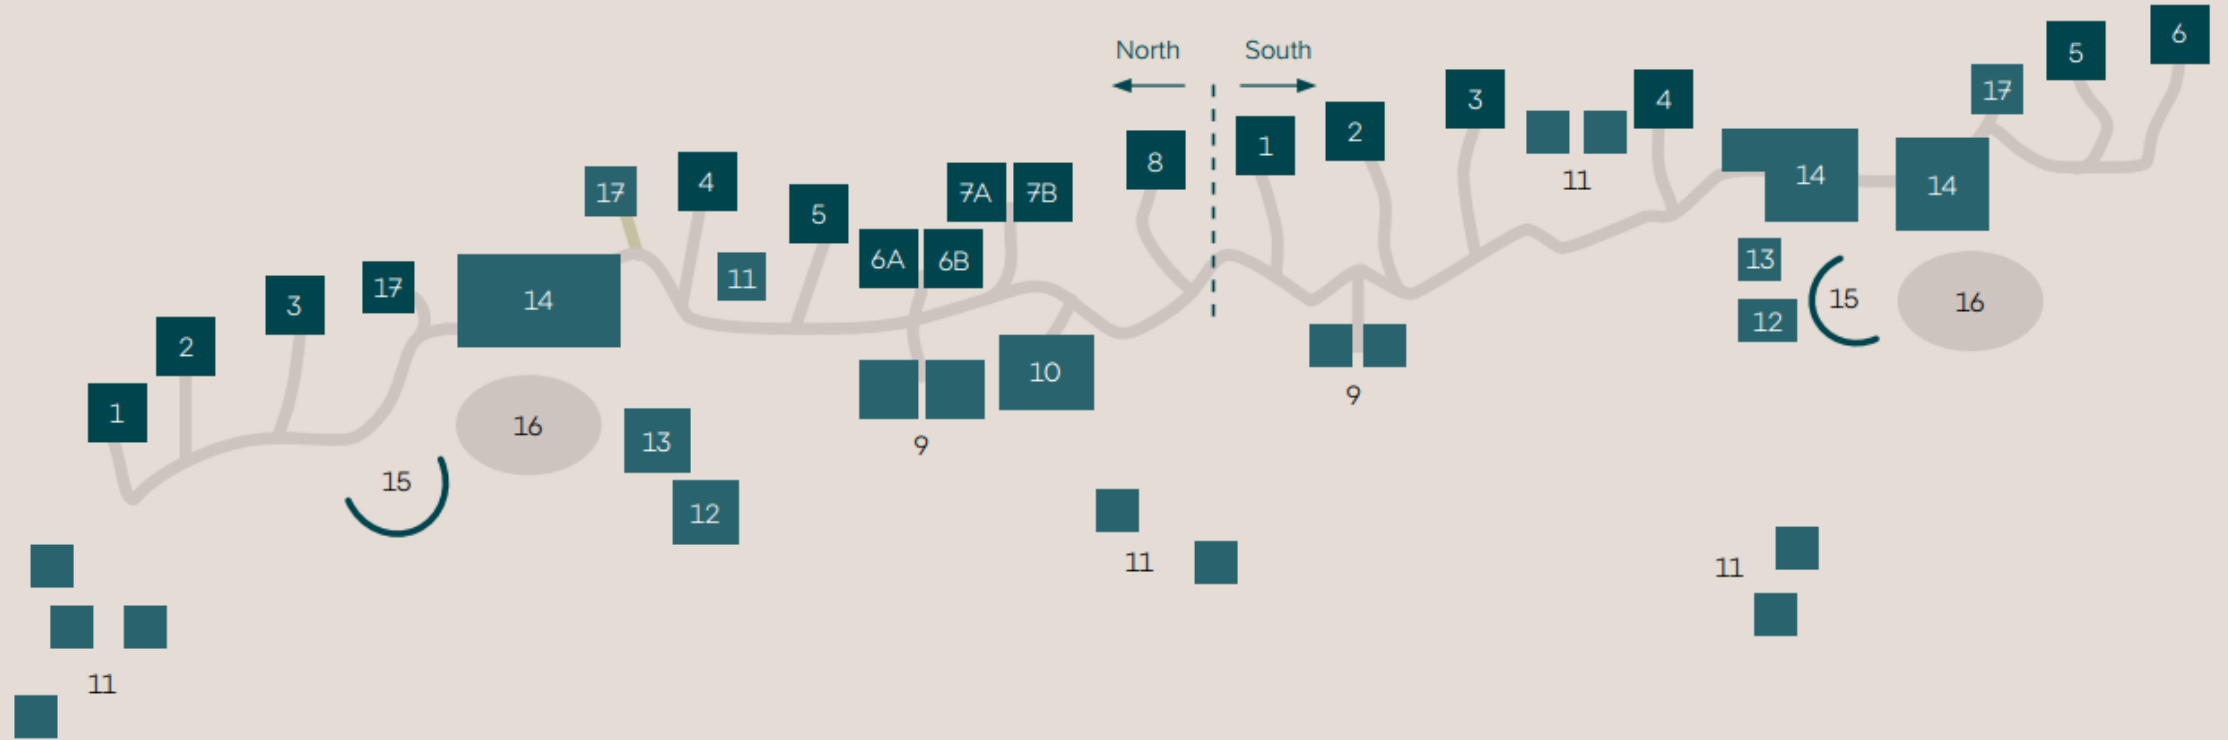

# Sense of space and purpose

- This premium artful and contemporary camp – that seemingly floats on water – provides the highest level in safari comfort.
- The most spacious offering in the Okavango Delta reflected in the camp's generous suites, each with private plunge pools.

A man wearing a light-colored cap and a dark shirt is leaning over the side of a boat, holding a white lotus flower. A young girl with brown hair in a ponytail, wearing a light-colored shirt, is also leaning over the boat, looking at the flower. They are in a pond filled with large, green, circular lily pads. The scene is captured from a high angle, looking down at the pair and the water. The lighting is soft, suggesting late afternoon or early morning.

My wife and I recently stayed at this camp and experienced some of our best safari sightings of our trip. Our guide Speedy was awesome and was the first guide we had that was consistently able to track animals (resulting in us being the first ones to observe certain animals).
