

# SUPPORTING WILDLIFE CONSERVATION WITH EVERY SCENIC FLIGHT

*5% of your scenic flight time is  
dedicated to vital conservation efforts.*

## A PARTNERSHIP BETWEEN WILDERNESS AND HELICOPTER HORIZONS

In a shared commitment to safeguarding Botswana's extraordinary ecosystems and wildlife, Wilderness and Helicopter Horizons have joined forces to enhance conservation efforts across the remote and wild regions we operate in.

5% of Scenic Flight time donated:

- For every scenic flight booked by our Wilderness guests, 5% of the flight time is dedicated to helicopter-based conservation efforts. (That's a minute-and-a-half of flying time for every 30-minute flight booked by a guest).

Purpose and Impact

- Unmatched aerial advantage:  
Helicopters provide a superior vantage point for monitoring vast and remote areas.

Wildlife monitoring in remote areas:

- Donated flight time will be used to monitor, and safeguard wildlife in regions that are otherwise inaccessible.

Focus on Linyanti Wildlife Reserve:

- A pristine marshy region that benefits from aerial surveillance.
- Vital for countering risks such as illegal fishing and elephant poaching.

Join us in making a difference

By booking a scenic flight, guests directly contribute to the protection of Botswana's incredible wilderness and wildlife. This partnership will play a crucial role in supporting government departments with the conservation of this critically important ecosystem.
