GENERAL UPDATE

Excursions to Sossusvlei in the Namib-Naukluft National Park and Sesriem

Only Wilderness guests have exclusive access to the park via a private entrance at Kulala. This gate is not open to self-drive visitors or non-Wilderness guides, who will be redirected by park officials to the public Sesriem entrance.

Park hours are from sunrise to sunset, with the best time to explore the dunes being at sunrise when the sand is cooler, the walking easier, and the views at their most breathtaking. We suggest the option to enjoy a personalised, chef-prepared breakfast on the go to make the most of this golden hour experience.

Please note:

- **Sesriem Gate (main public entrance):** opens at sunrise and closes at sunset.
- **Inner gate (closer to the dunes):** opens one hour before sunrise and closes one hour after sunset.

Approximate opening times:

- **Summer:** Sesriem Gate 05:30–18:30 | Inner Gate 04:30–19:30
- **Winter:** Sesriem Gate 06:00–18:30 | Inner Gate 05:00–19:00
