GENERAL UPDATE

Magashi Peninsula Revised Opening Day

Please note that the opening of Magashi Peninsula, originally scheduled for 01 August 2025, has been delayed due to unforeseen supply chain challenges, which caused delays in getting supplies for the new camp across to Rwanda from the Tanzania border. These delays have been out of our control and the newly anticipated opening date is now 15 September 2025. As a result, we have moved affected guests to Wilderness Magashi during this interim period.
