The hospitality throughout our stay was exceptional.</p> <p>The recently renovated rooms, built to premier camp standards, were extremely comfortable. Highlights during visit/stay:	Wilderness Vumbura Plains South perfectly balances modern design with nature. The use of blue in the main area creates a calming atmosphere in the wilderness. We received a professional and warm welcome, especially from the Camp Manager, Charity—we felt the “Wilderness Way” immediately. The mokoro excursion was peaceful and meditative. A surprise buffet brunch in the bush was magical. Game drives, often through water and sandy terrain, were a highlight. We spent more time driving through water than on land. The speedboat transfer to Wilderness Little Vumbura was exciting.
