KENYA

January 2026

GENERAL UPDATES

Angama Amboseli has announced an increase to the Kimana Conservation Levy, which will rise from \$60 to \$80 per adult guest per night, and from \$30 to \$45 per guest under the age of 18.

- The adjustment follows the completion of the private corridor road linking Kimana Sanctuary to Amboseli National Park which serves as an essential wildlife corridor for animals moving between Tsavo West, Chyulu Hills, Kimana Sanctuary, and Amboseli National Park, and is the primary route used by all Angama guests accessing Amboseli National Park.
- All funds generated from the Kimana Conservation Levy go directly to Big Life Foundation, supporting their ongoing efforts to conserve the landscape, protect wildlife, and uplift the surrounding communities through employment, education, and coexistence programs.
- The updated levy applies to all new bookings for 2026 onwards and is effective immediately.

Bushtops has extended their fleet of specially adapted Toyota Land Cruisers so that each set of guests can have a private game vehicle, for added exclusivity.
