SOUTH AFRICA

## The Claremont Hotel (part of Sabi Sabi Collection)

- Beautiful Cape Dutch manor house located in Cape Town's Southern Suburb of Claremont.
- With only 15 rooms it's an intimate and personal experience, good for couples and honeymooners (no kids under 15 years).
- Veld & Vine Bistro offers a delightful menu with many local twists (open for breakfast, lunch and dinner).
- The Claremont offers the perfect serene ending in quiet surroundings, after a busy safari at Sabi Sabi.

### The Cole Boutique Hotel (part of the Kove Collection)

- Trendy new hotel in Cape Town's Sea Point, opened December 2025. Good location close to the hub of activities along the promenade.
- The style is a mix of art deco and contemporary, the 59 rooms are spacious with soft lighting, and each feels like a spa room. Great for beach holidays, couples and families.
- All rooms have balconies with seating, most are sea-facing and a few have mountain views, which are also very pleasant.
- Figo, the Mediterranean rooftop restaurant is ultra-chic and offers stunning sea views. Script makes amazing cocktails.

### Cape Town Helicopters

- Our Touring Team was treated to an exhilarating helicopter flight over the Mother City of Cape Town.
- The team found the staff to be friendly, professional and the whole operation was seamlessly executed.
- We highly recommend adding a helicopter sightseeing flight to guest itineraries where possible, as it's an unforgettable experience.
- Flights range from short 8-minute city flips to full day curated experiences.
- The fleet consists of a range of Airbus helicopters, which are known for their eco-friendly aviation that has the least impact on the environment.
