

WILDERNESS

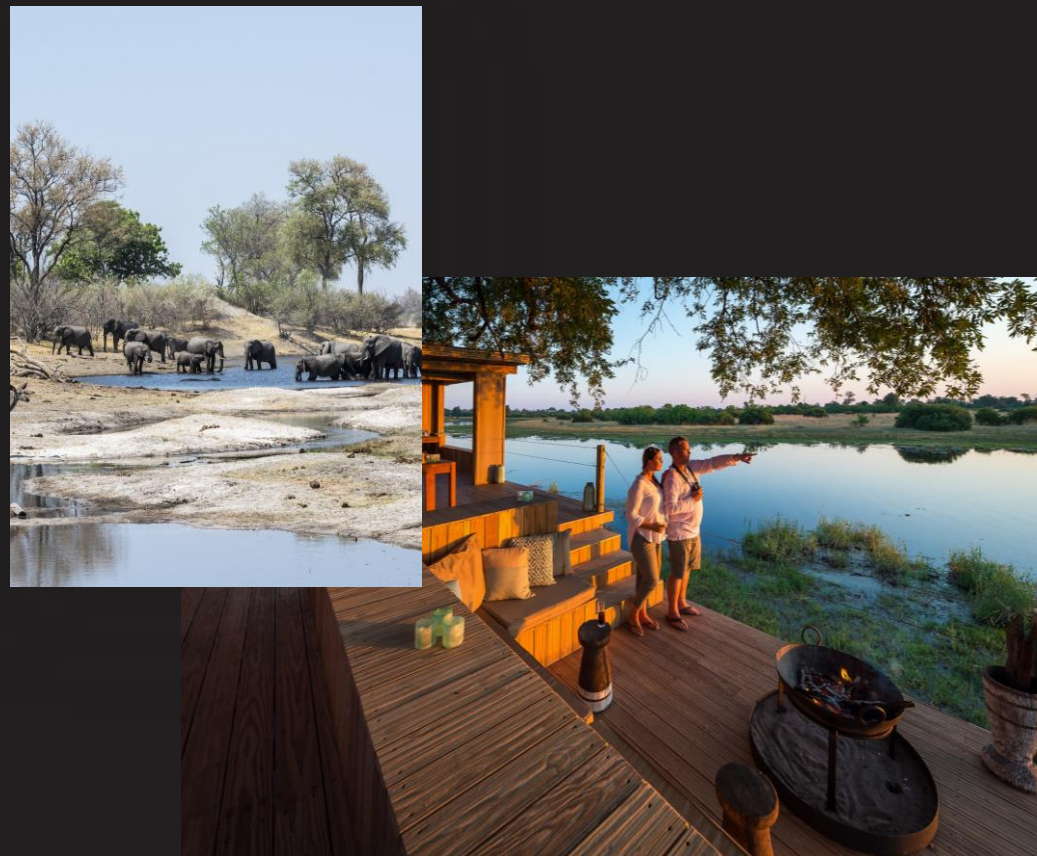

SAVUTI

UNIQUE SELLING POINTS

Savuti

- Savuti offers for seats to the unpredictable geological phenomenon of the Savuti Channel and the ensuing natural marvel of wildlife adapting to changeable conditions.
- Depending on subtle shifts in the underlying tectonic plates, the waters of the Savuti Channel either flow strongly – a magnet for thirsty wildlife – or recede to leave behind a rich grassland for herbivores and their predators.
- Arguably Botswana's ultimate Star Bed experience: Savuti's exclusive two-storey sleep-out deck (with flushing toilet and hot shower) is exquisitely positioned at the famed Zibadianja Lagoon – the source of the Savuti Channel.
- In times when the water has receded, the camp's log-pile hide offers intimate viewing of the wildlife (especially elephants).

About Savuti

6 tents
(1 family)

100% solar

Log-pile hide

Game drives

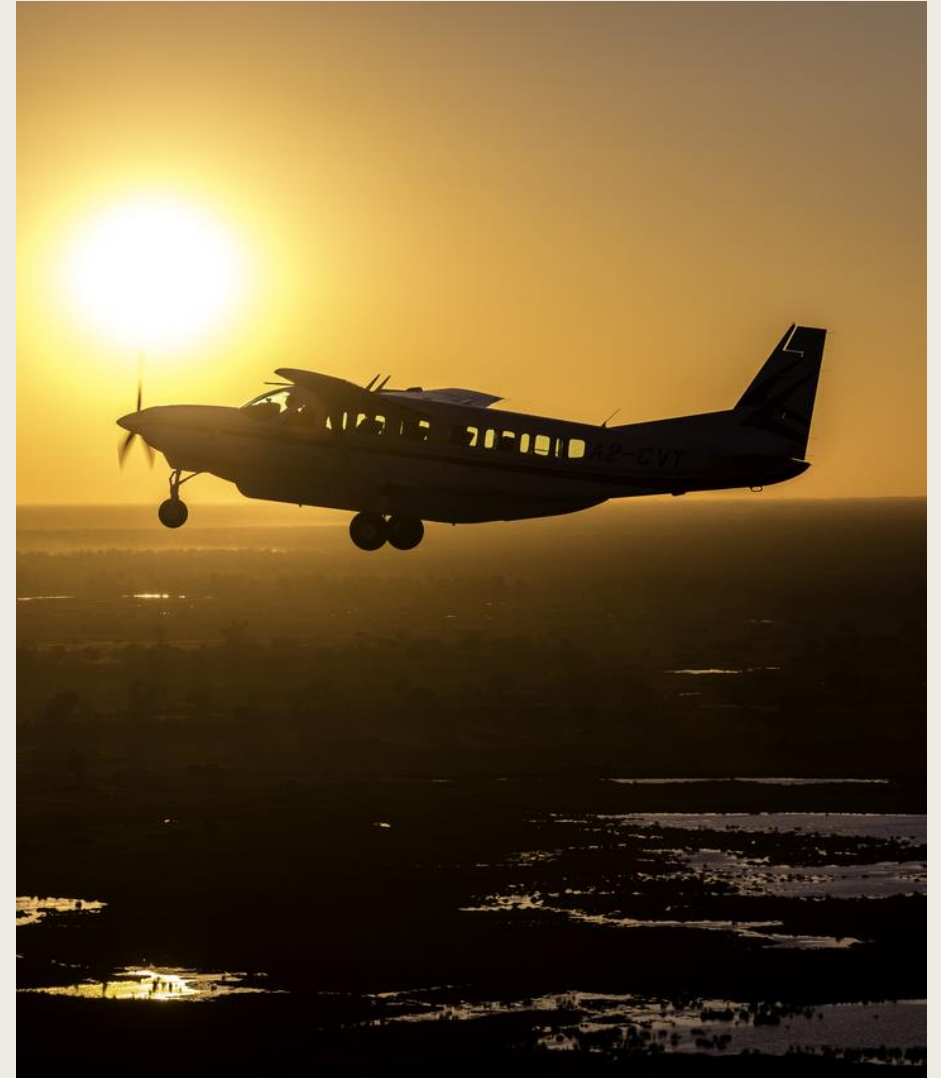

Guided nature
walks

Boating

Access to Savuti

- Airstrip name: Chobe Airstrip
- Duration to camp: An approximately 40-minute vehicle transfer

SAVUTI PURPOSE

Untamed, unspoiled Savuti

Savuti provides support to research projects and initiatives in the Linyanti, particularly the enormous elephant herds and their impact on the environment.

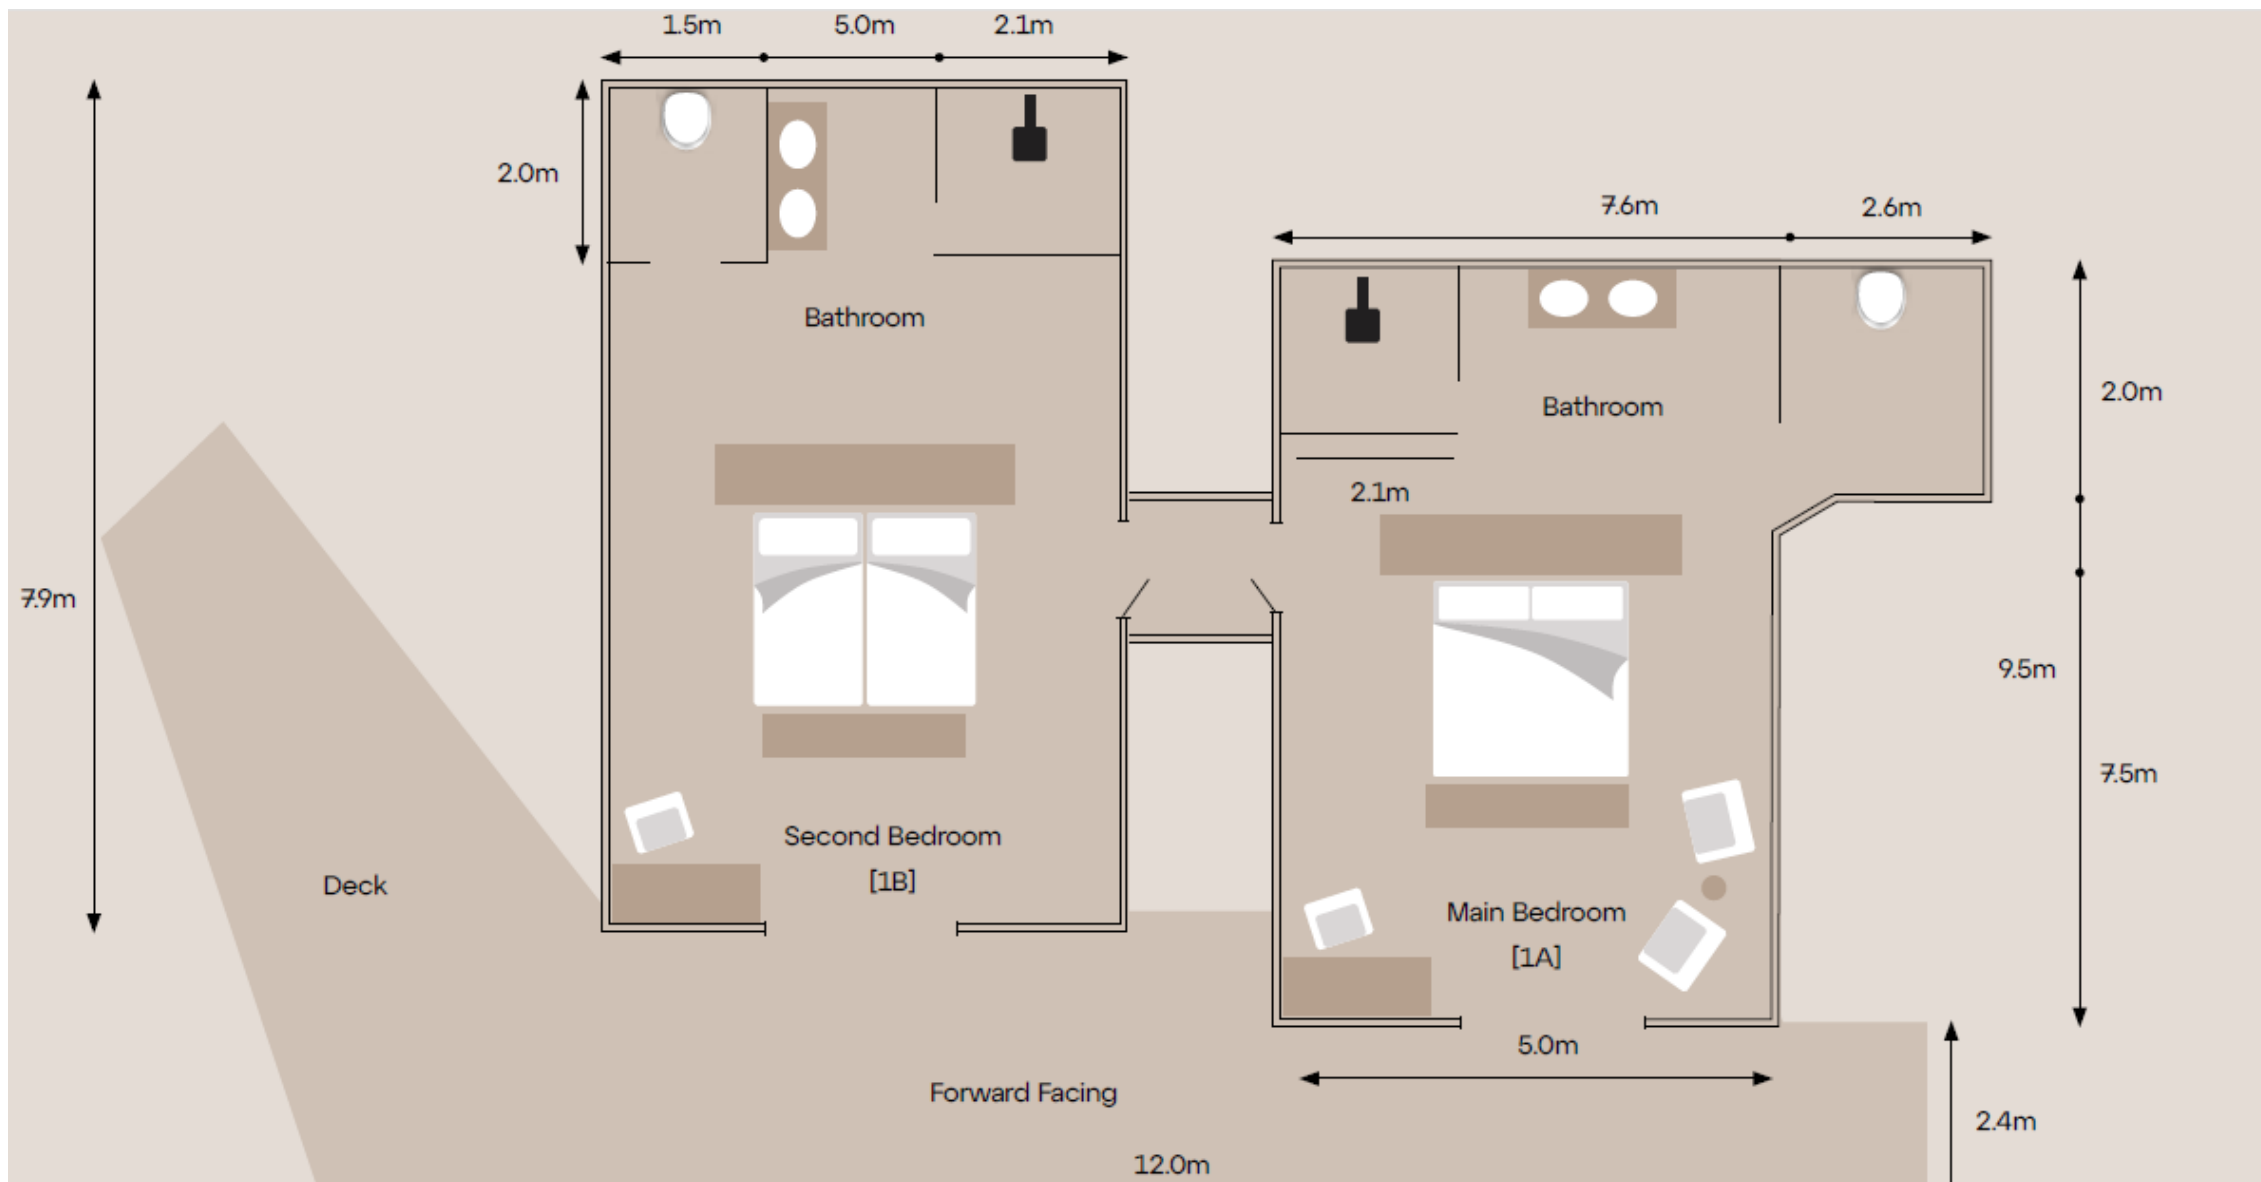

ACCOMMODATION

Intimate safari camp

An authentic and intimate safari camp with just six suites (plus a family unit), all of which have front-row seats to the geological marvel that is the Savuti Channel.

GUEST SUITE

When I die, bury me right here in
this log-pile hide. This is what I
have wanted to experience all my
life.
