UNIQUE SELLING POINTS

Little Tubu

- Ideally situated on the western edge of Hunda Island, Little Tubu has views over – and access to – picture-perfect floodplains dotted with water-loving wildlife from one side and instant access to big game viewing from the other.
- Hunda island is frequented by predators, particularly leopards, wild dogs and hyenas.
- A hide near camp is transformed into a Star Bed at night, creating a unique sleep-out in the wild.

LITTLE TUBU PURPOSE

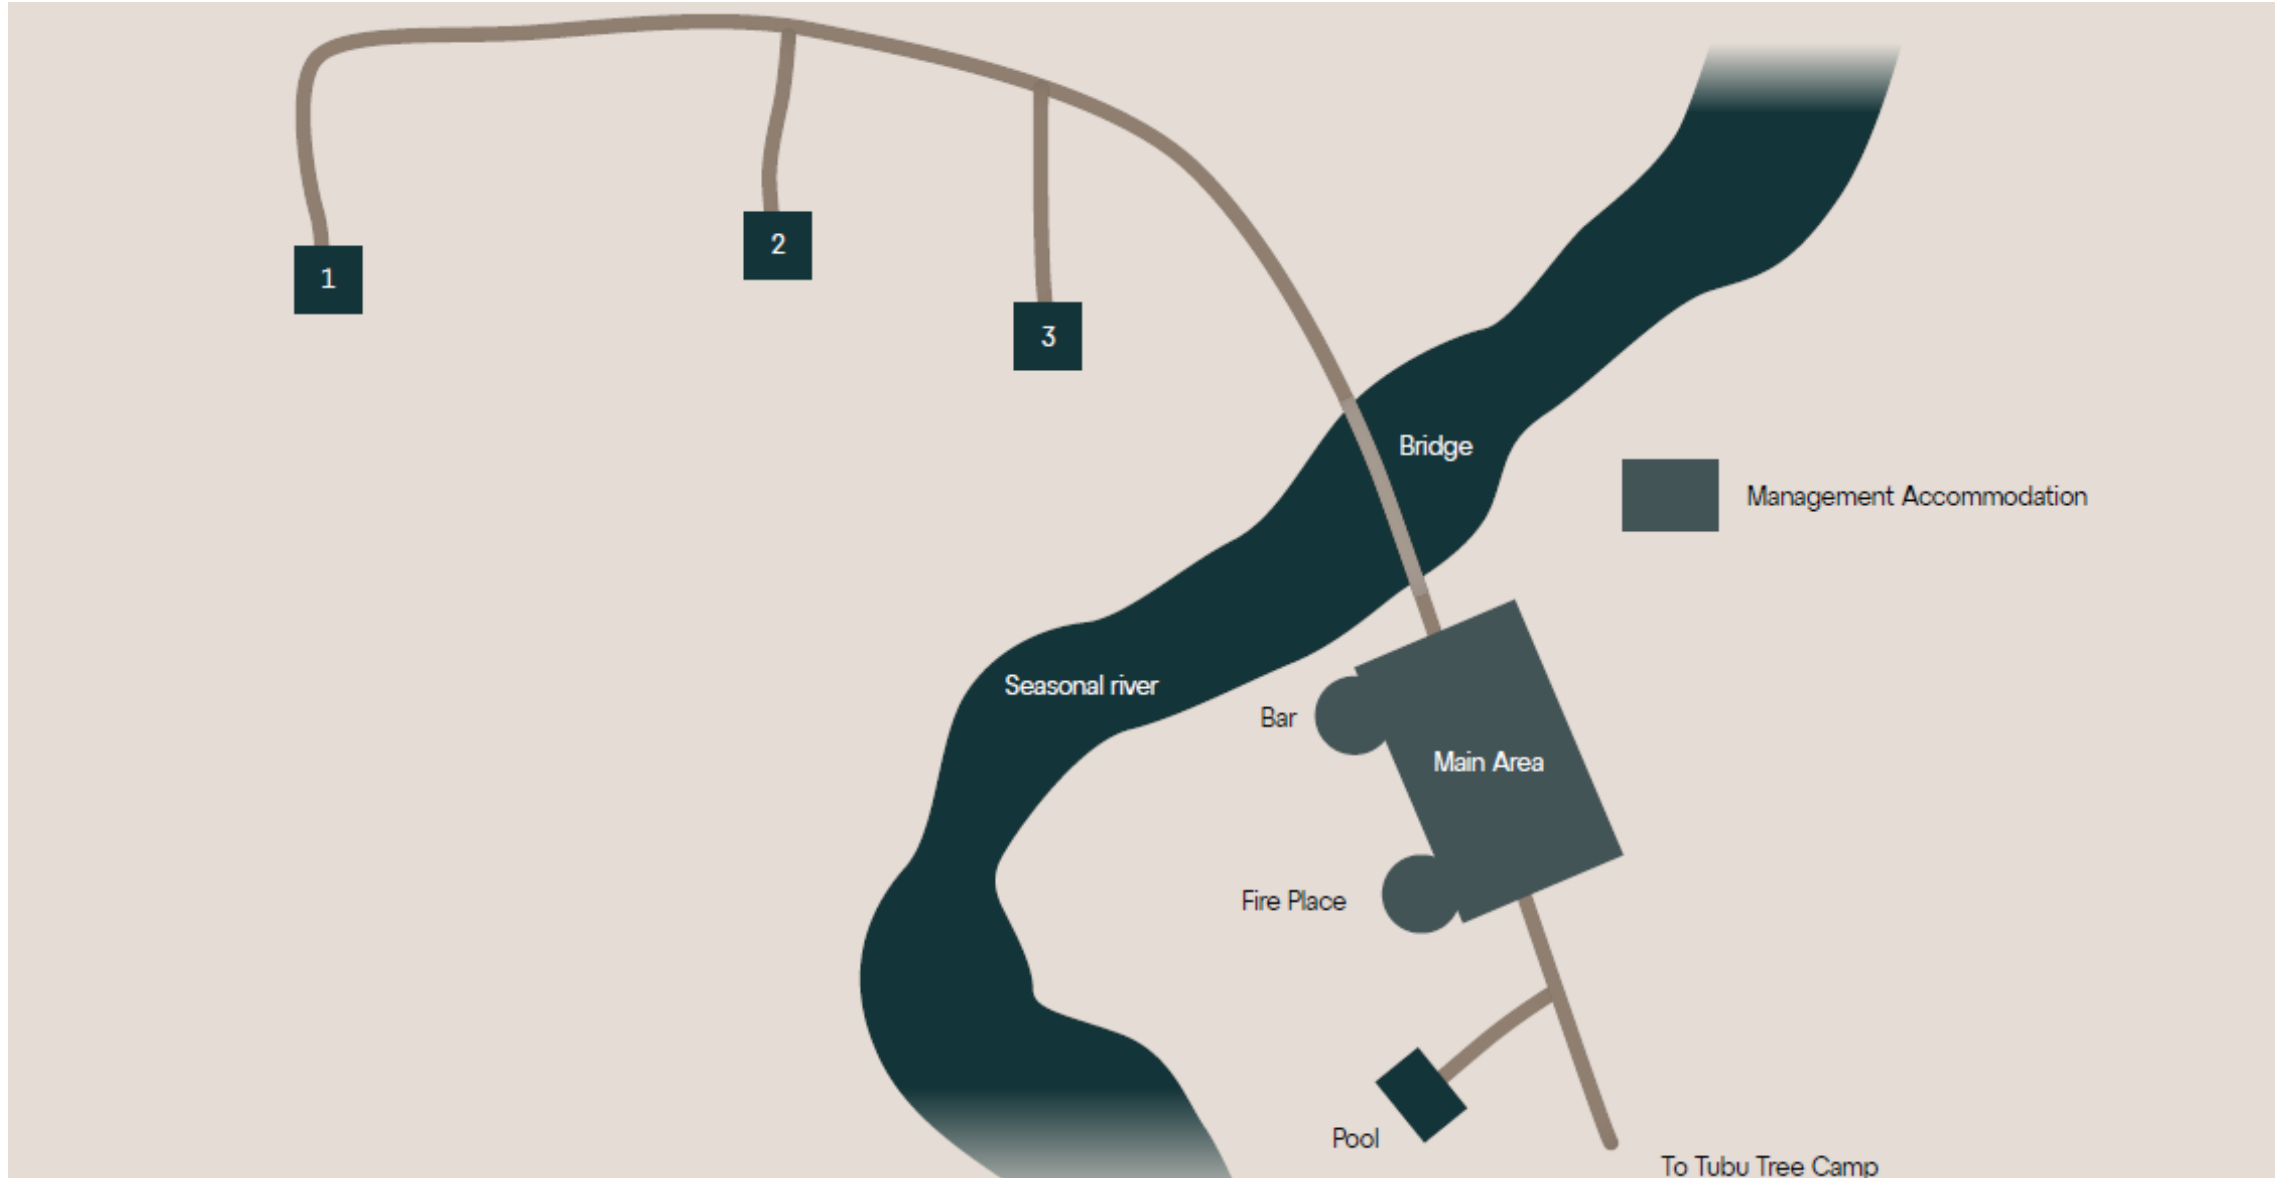

Protecting our Wilderness

Little Tubu, committed to the success of sustainable conservation and community projects, is currently facilitating the creation of a community-based cultural village and tourism venture.

ACCOMMODATION

Intimate bush experience

- Little Tubu offers an exceptional, intimate bush experience for just six guests – ideal for families or small groups.
- This classic Okavango camp seemingly floats in the tree canopy and is connected to Tubu Tree by raised boardwalks. It has all its own facilities, however, including a beautiful bar built into a waterberry tree

Thank you so much! All the very special events through our stay were awesome and will be for evermore a wonderful memory! The stay at Little Tubu was just as special as the many animals that we saw. The singing, dancing, candlelight dinners, Tree House lunches, campfires and all the wonderful staff. Thank you so much! And General is most excellent as our Guide!! Lookie is a super awesome manager! :-)
