MAGASHI PURPOSE

Impact at Magashi

Magashi was established in partnership with the Rwanda Development Board and African Parks, affirming our commitment to pioneering sustainable and authentic conservation tourism in Rwanda.

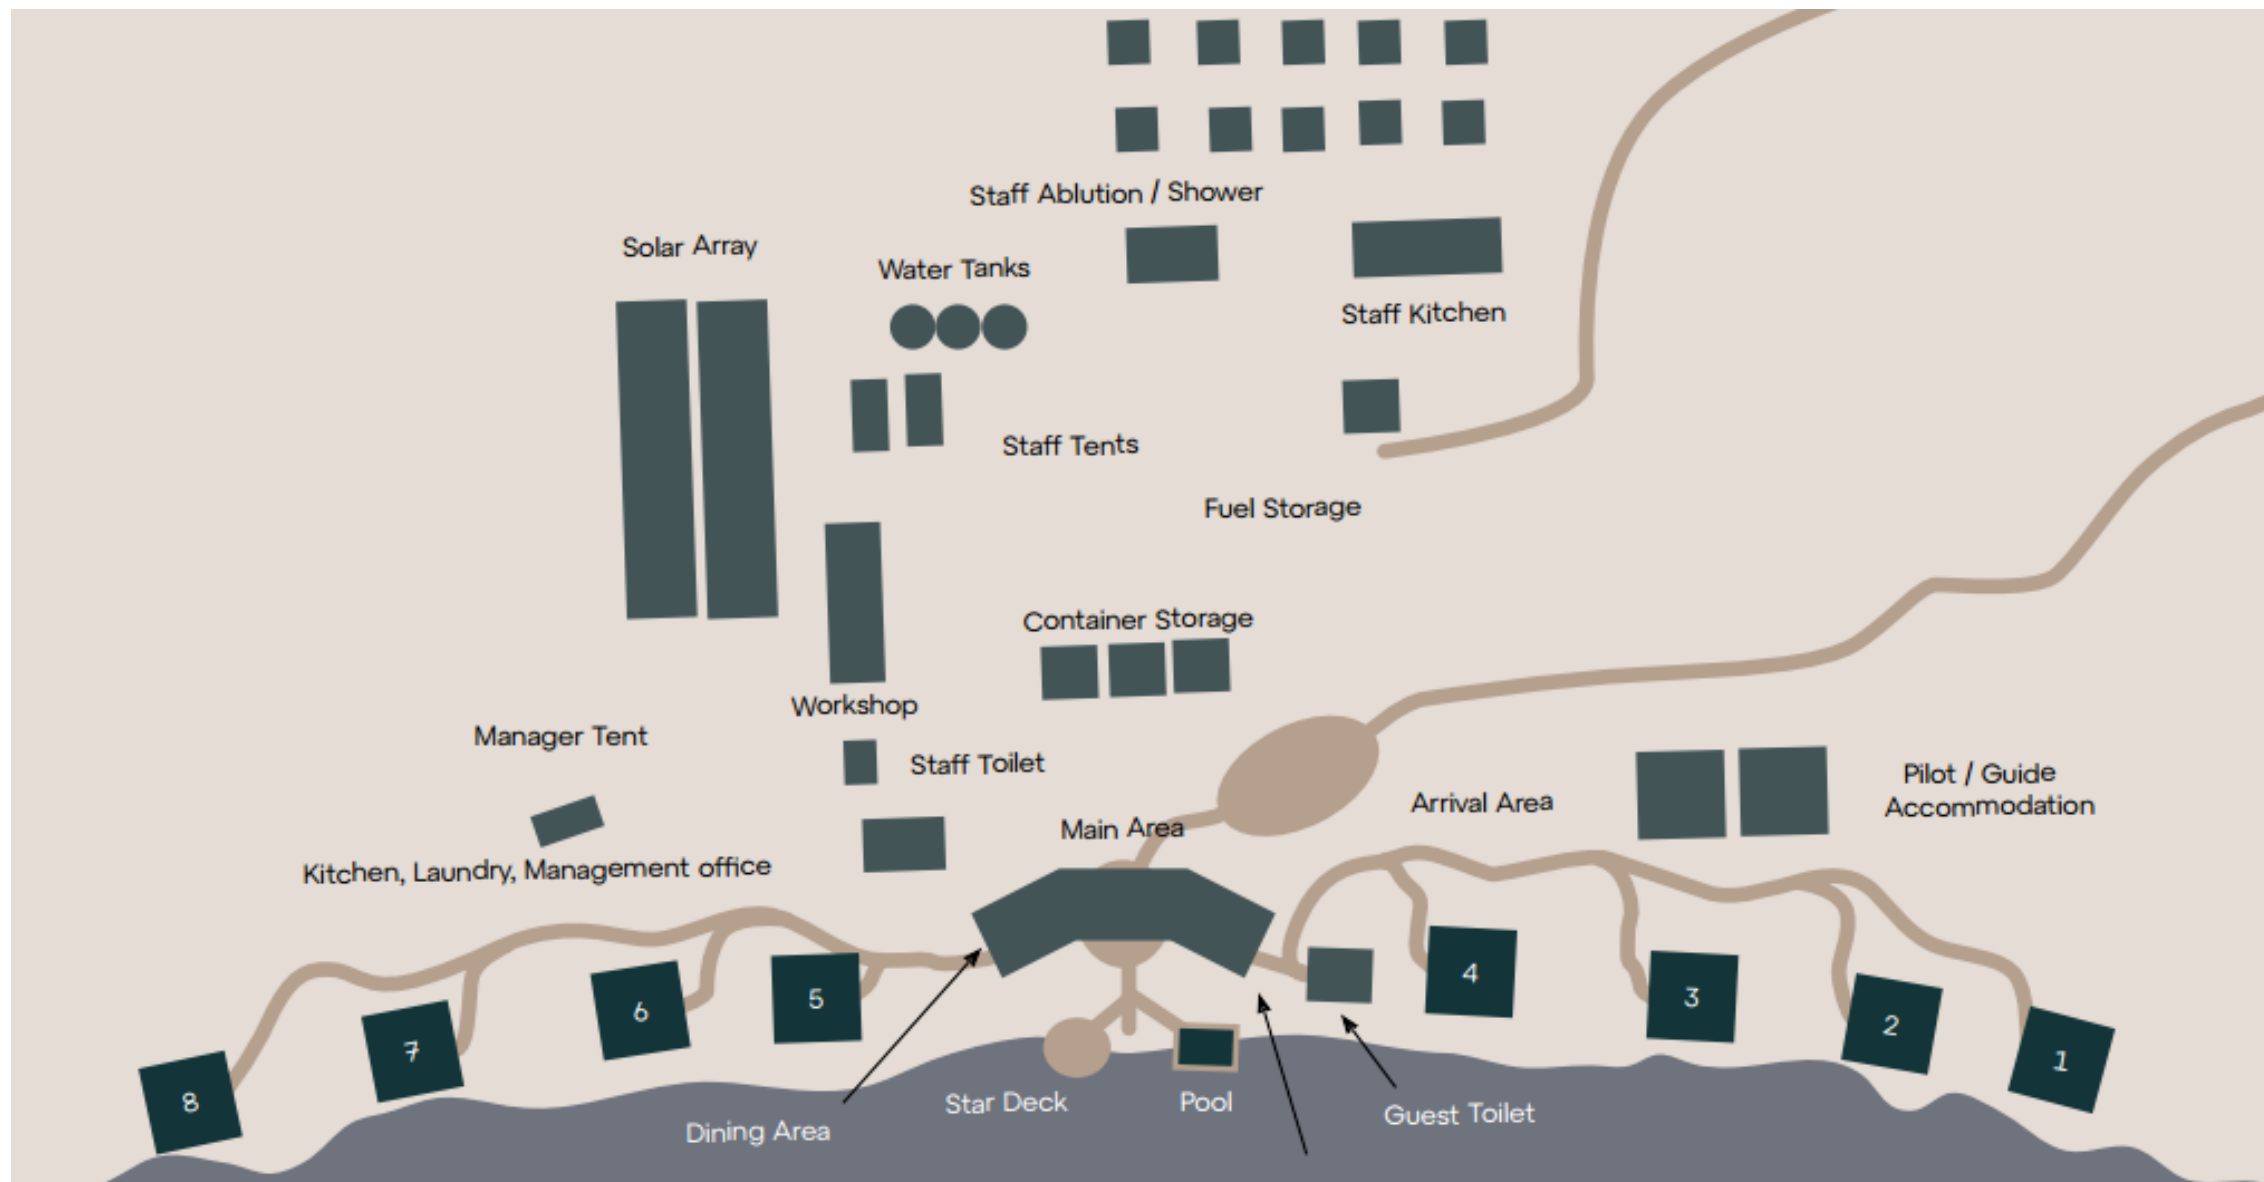

Empowering local people is the very core of our ethos, as demonstrated by two local guides becoming the first Rwandans to receive the coveted FGASA qualification.

ACCOMMODATION

Tented suites welcome you

- Perched on the Magashi Peninsula, Magashi looks out over picturesque Lake Rwanyakazinga, towards the Mutumba Mountains in the west.
- Magashi's intimate (just eight suites) and relaxed, but luxurious, camp is warm and welcoming. Staff love sharing their traditional fare and folklore with guests.

A group of approximately 15 people, mostly Black, are posing for a photo outdoors. They are arranged in several rows, some standing and some sitting. Many are wearing light-colored, short-sleeved button-down shirts, which appear to be Wilderness Safaris uniforms. Some are wearing hats or headbands. They are all smiling and some are waving or making hand gestures. The background shows large, dark-colored patio umbrellas and some outdoor furniture. The overall tone is warm and friendly.

The great thing about WS is the consistency of warm hospitality and luxurious informality across your camps.
