UNIQUE SELLING POINTS

Usawa Serengeti

In close proximity to the migratory herds but set away from the high-density tourist spots, the exquisite design and mindful décor of the tented camp add a thought-provoking aspect to guests' already very remote and private East African experience.

The flexibility of our luxurious Wilderness Usawa Serengeti camp allows us to move at short notice between our 9 camp sites, situated at key migration intersection points within Serengeti National Park. This guarantees guests are at the heart of the drama and in the best locations to experience the Great Migration, following the ever-moving mega-herds.
