

WILDERNESS

BUSANGA BUSH CAMP

UNIQUE SELLING POINTS

Busanga Bush Camp

- Open for just five months each year, before the seasonal rains return to inundate the land once more, Busanga Bush Camp epitomises 'off the beaten track', offering one of the most remote and wild safaris on the planet.
- Aptly named the 'Plains of Plenty', the Busanga Plains' exceptional biodiversity draws a vast number of species into the area, which literally teems with wildlife and birds. Epic exchanges between the famous lions of the area reveal the unpredictable dynamics between the prides and the nomadic males that move through.
- With 600 square kilometres of savannah – threaded with aquatic channels – to explore, adventures include game drives, exhilarating infra-red spotlit night drives and boating excursions (when the water is still high).

BUSANGA BUSH CAMP PURPOSE

Our reason for being (in Busanga)

The remoteness of the area and the shortened tourism season mean that we have not profited from our camps in this area. However, our presence is critical for the protection of this fragile ecosystem, through the support of conservation initiatives and creating employment.

ACCOMMODATION

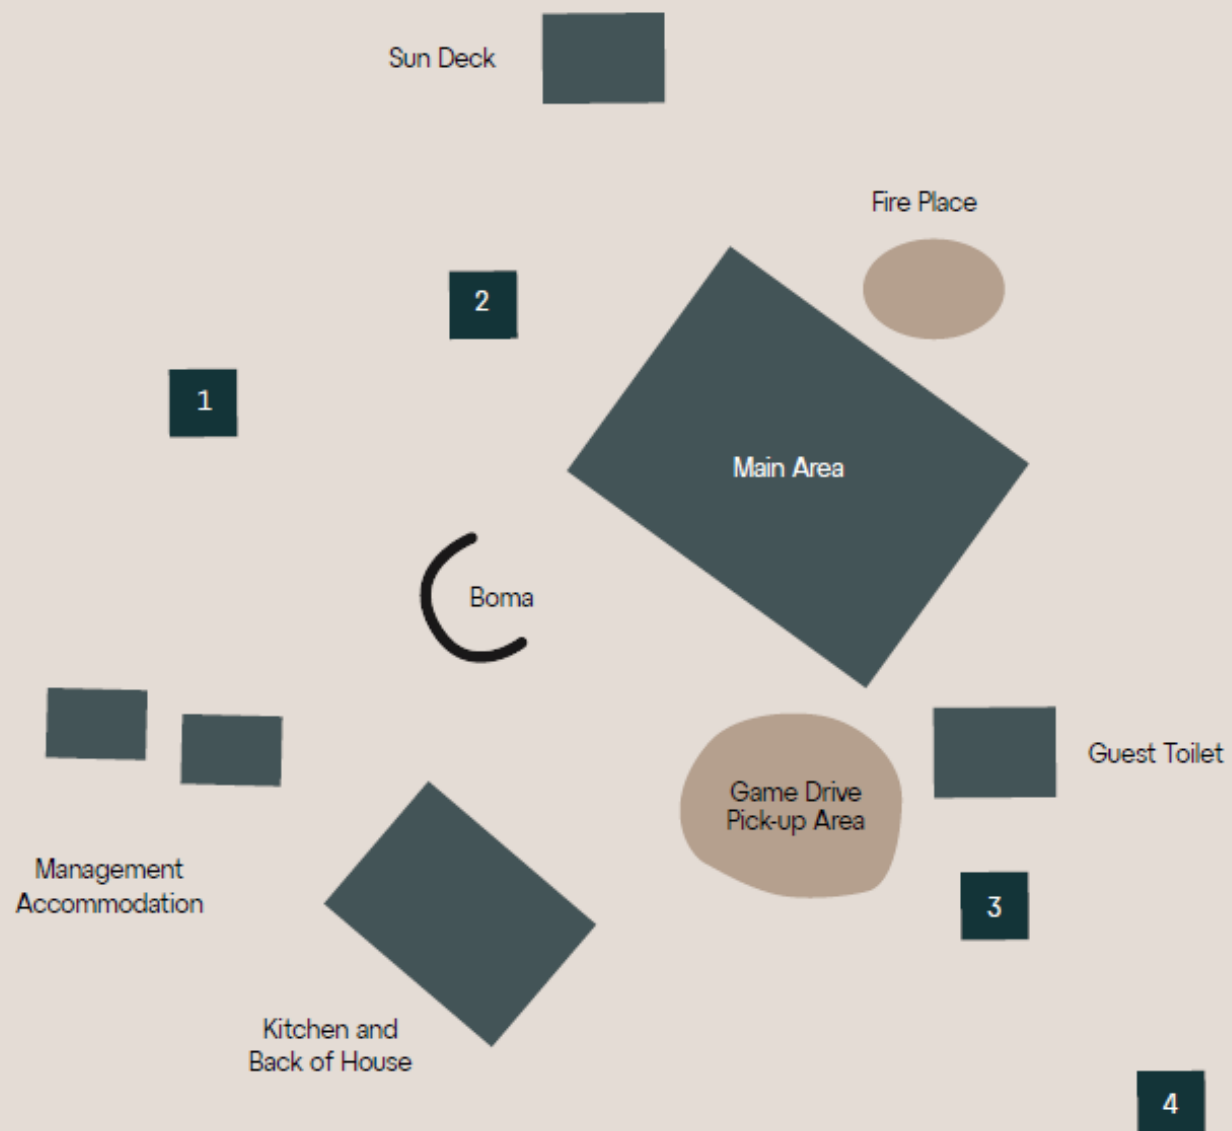

Personal safari experience

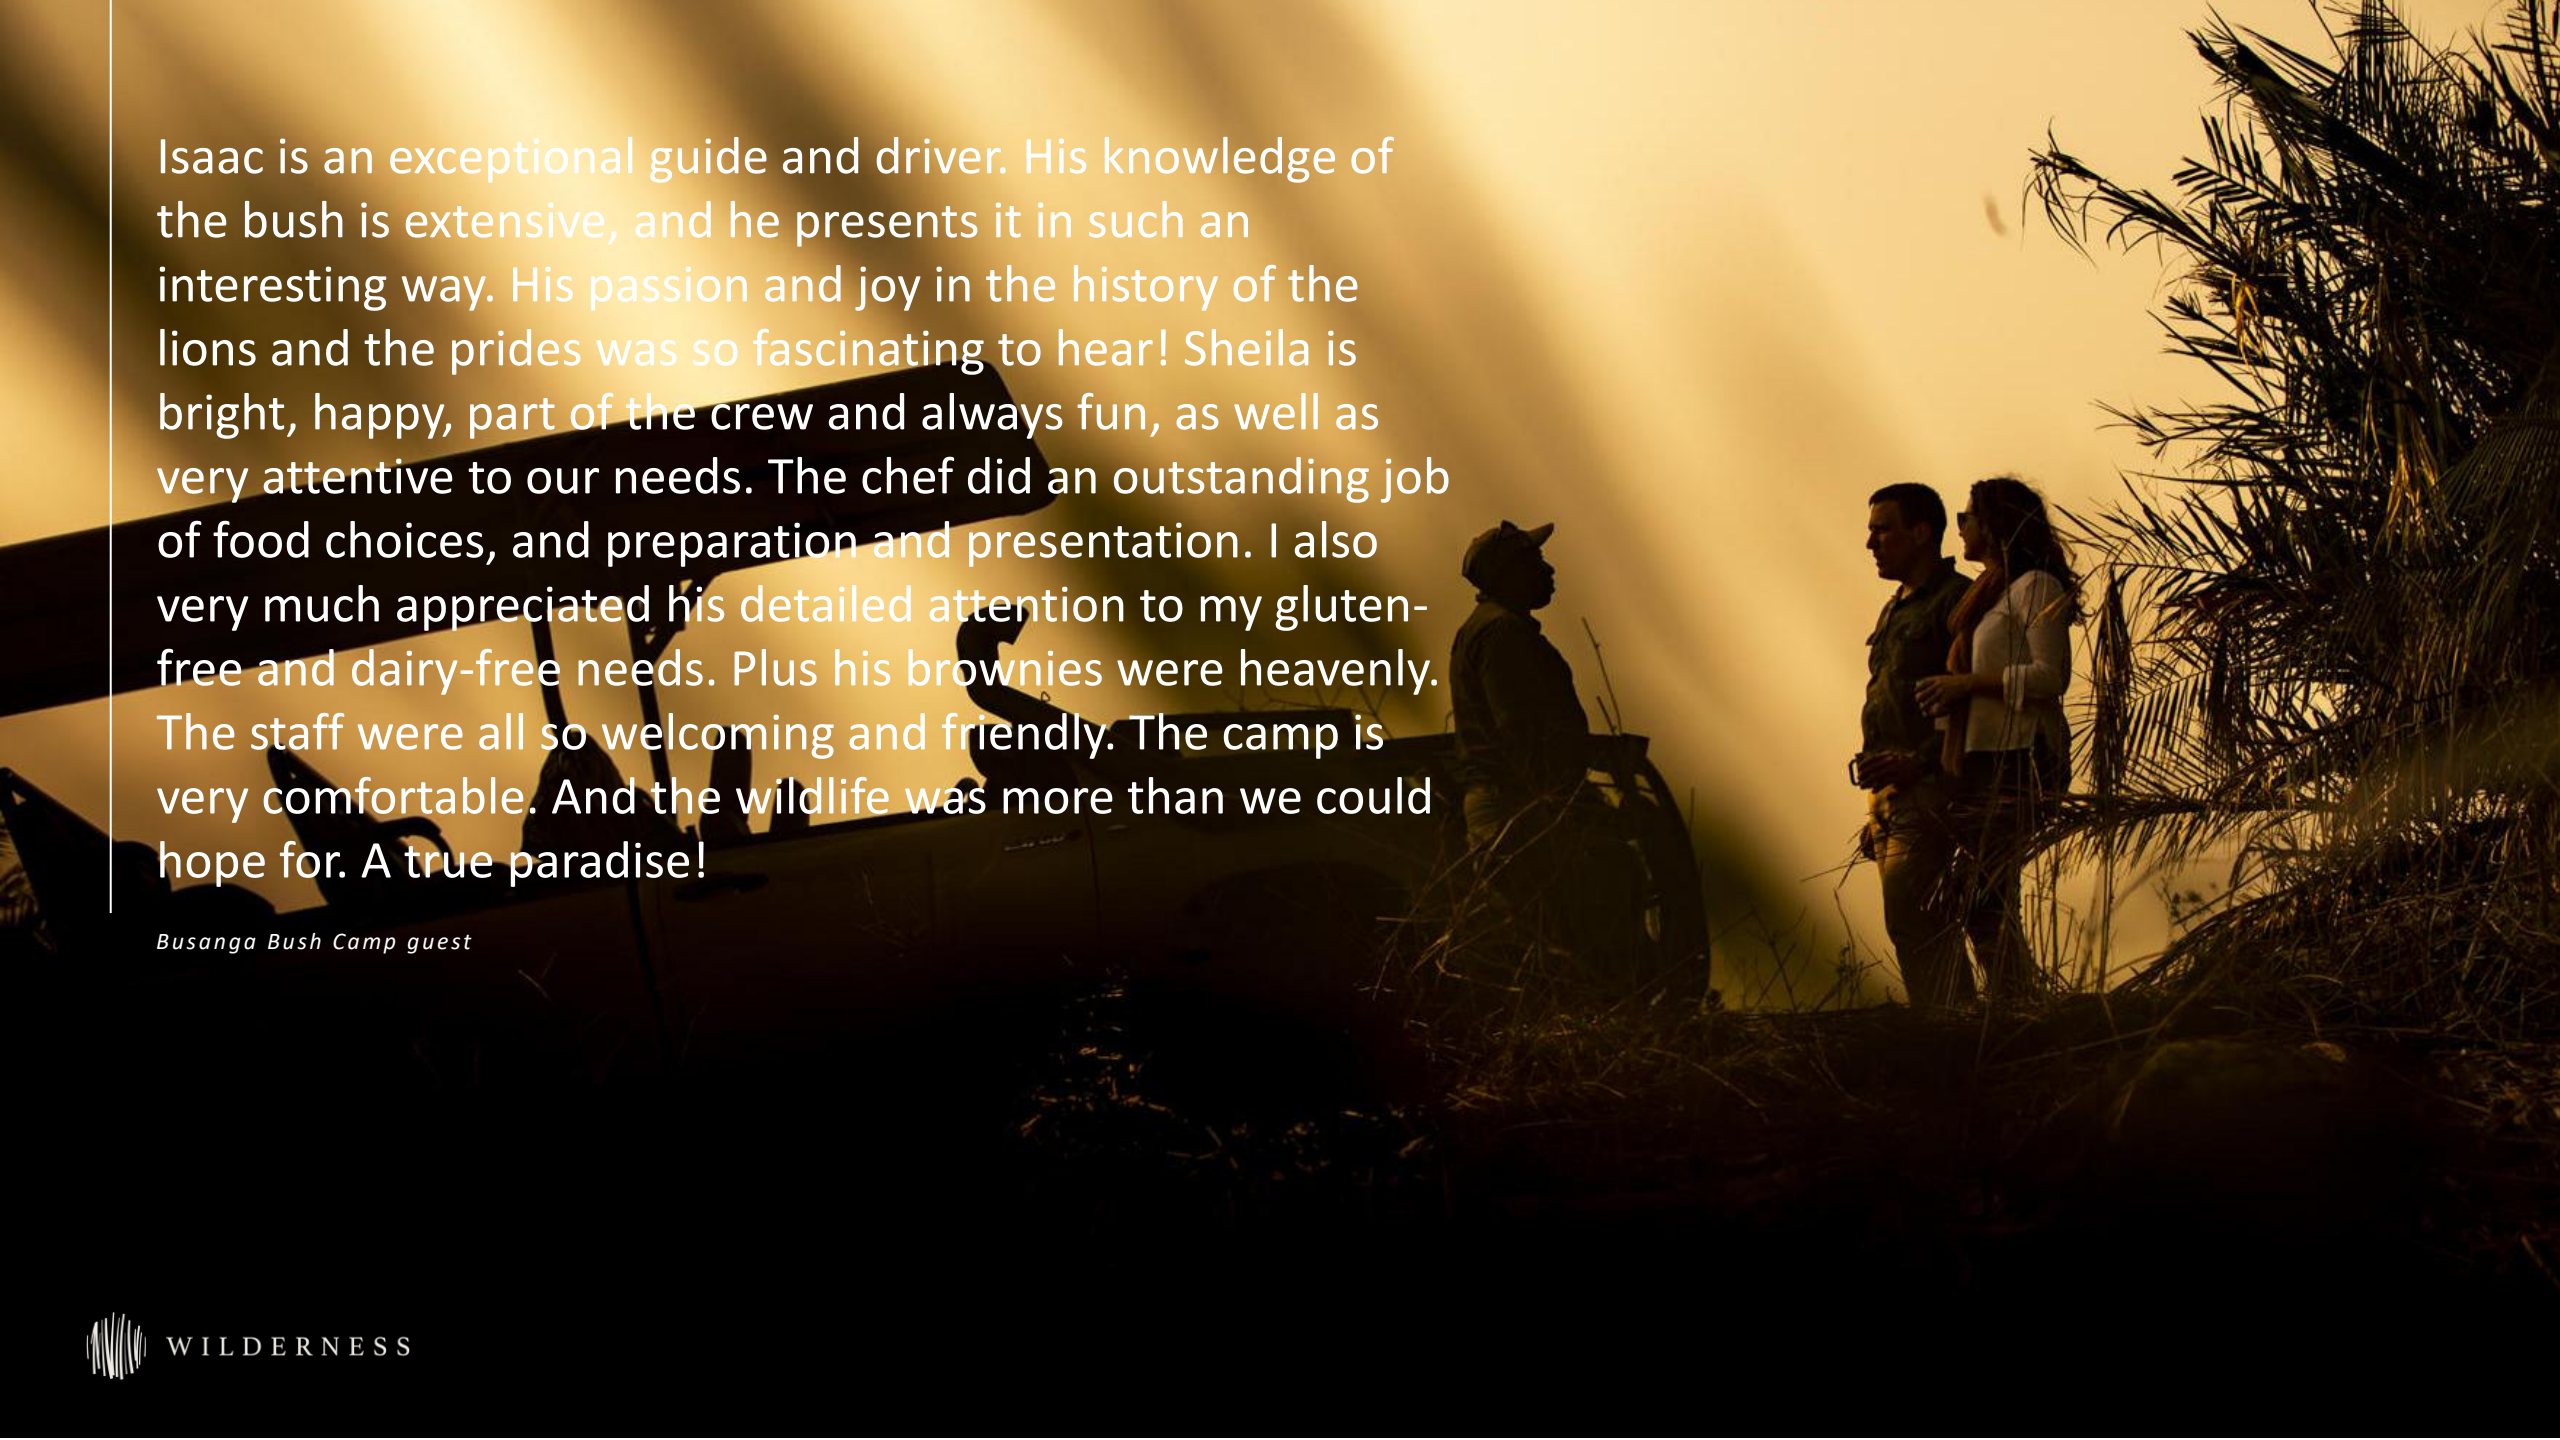

- Ideal for small groups or a very personalised safari, Busanga Bush Camp is an intimate haven with just four tented suites and a main area looking out over the abundance of the plains. The charming dining area is shaded by a canopy of trees from which a delightful multi-lantern 'chandelier' hangs — a spectacular sight when lit up at night.
- Witness sensational sunrises from camp, or when setting out on game drives, as the sun-tinged mist reveals hundreds of red lechwe, puku, and other plains game feeding on the grasses.

LECHWE & TENT PATIO

Units: 1 - 5

A golden-hour photograph of a safari vehicle and two people in a savanna landscape. The scene is bathed in warm, low light, creating long shadows and a hazy atmosphere. The vehicle is partially visible on the left, and two people are standing on the right, looking out over the landscape. The text is overlaid on the left side of the image.

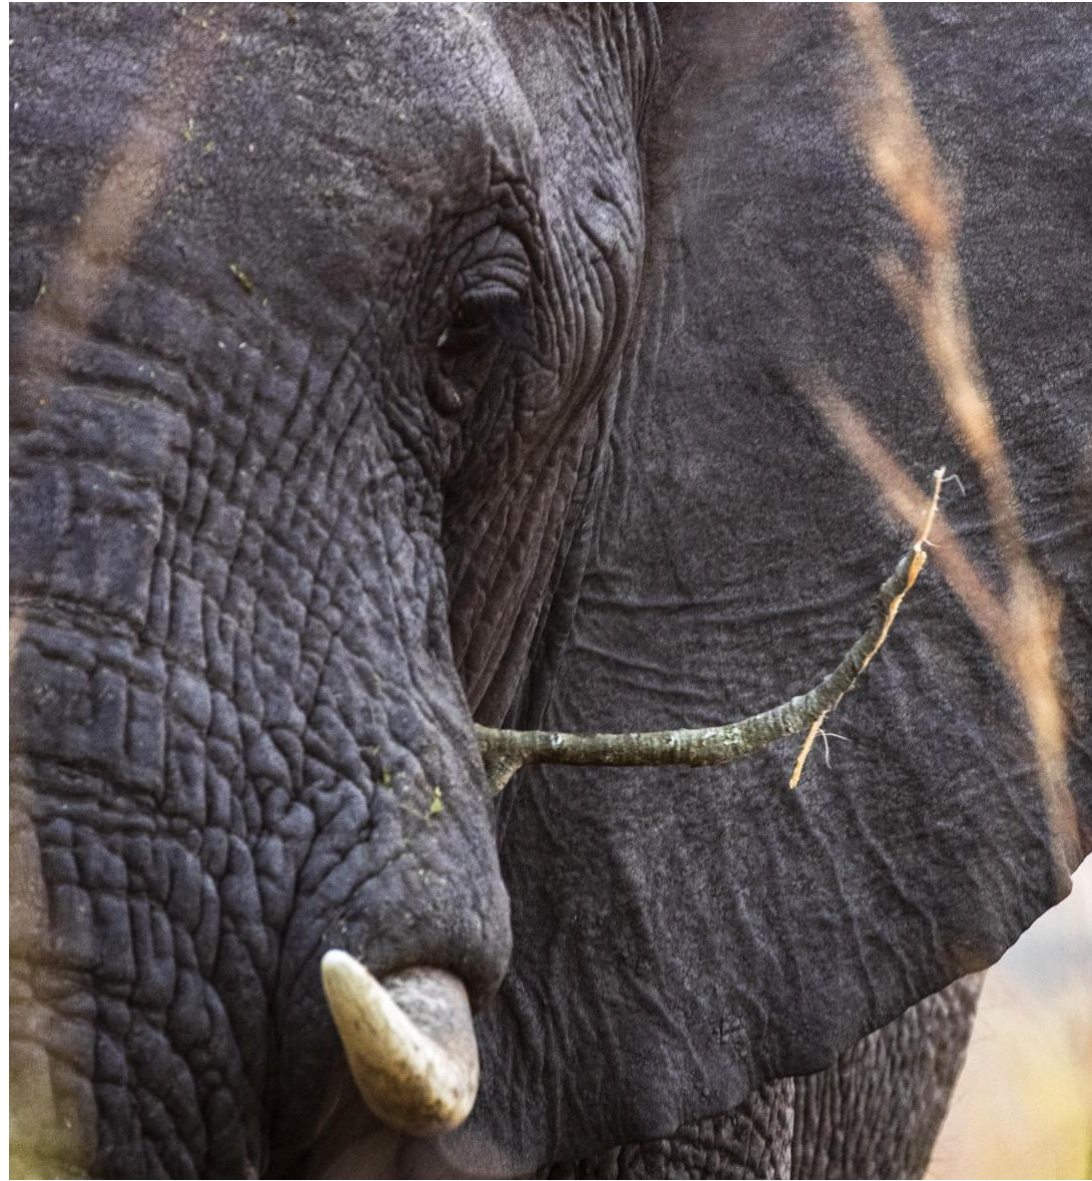

Isaac is an exceptional guide and driver. His knowledge of the bush is extensive, and he presents it in such an interesting way. His passion and joy in the history of the lions and the prides was so fascinating to hear! Sheila is bright, happy, part of the crew and always fun, as well as very attentive to our needs. The chef did an outstanding job of food choices, and preparation and presentation. I also very much appreciated his detailed attention to my gluten-free and dairy-free needs. Plus his brownies were heavenly. The staff were all so welcoming and friendly. The camp is very comfortable. And the wildlife was more than we could hope for. A true paradise!
