## CAMPS TO COMBINE WITH

Start your Namibia experience with three nights at **Little Kulala**. Float silently over the Namibia Desert during a Hot Air Balloon flight, explore the Kulala Wilderness Reserve on fat bikes or on foot, and explore Sossusvlei and Deadvlei.

Travel north to the Kunene Region or a stay at **Serra Cafema**. Activities will include boating on the Kunene River, connecting with the local Himba community, explore the dunes on foot and quad bikes.

## ABOUT THE AREA

Wilderness Hoanib Skeleton Coast Camp adds a very different, and special dimension, to our north-west Namibian circuit. Its location in the isolated Kaokoveld makes it an ideal option for adventurous travellers seeking an off-the-beaten-track destination close to the Skeleton Coast and within the true Namib Desert.

## BEST TIME TO VISIT

### December to March

- With good rains, a tapestry of grassland.
- Arid-adapted species are easily seen.
- Desert-adapted elephants move from the ephemeral river systems into the surrounding hilly regions.
- Late summer rain in higher-lying catchment areas can turn the sandy riverbeds into a brief torrent of life-giving water.

### April to May

- Calm, comfortable days and pleasant evenings.
- Desert-adapted elephants start moving back to the ephemeral river systems.

### June to November

- Game species such as desert-adapted elephants and lion, giraffes and kudu tend to concentrate along these river systems and natural springs.
- Towards November, moisture in the air from the coastal fog results in trees slowly turning green

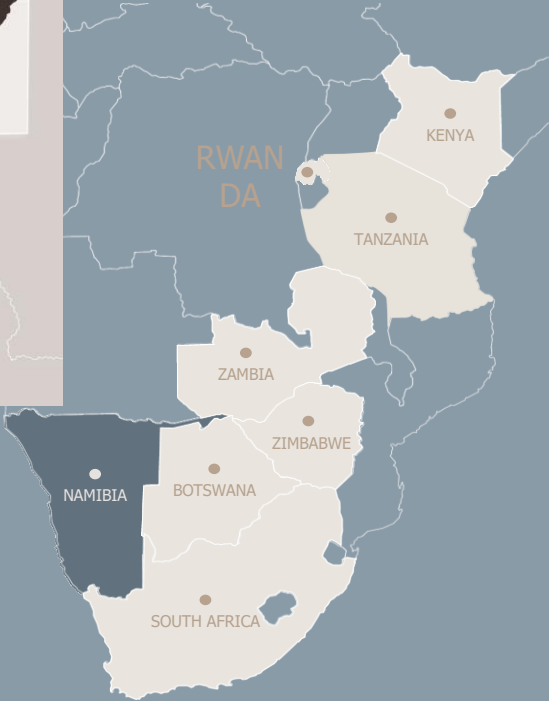

## HIGHLIGHTS

- A 500 km stretch where the cold Benguela current meets warm desert air, creating a unique atmosphere.
- Day trips offer the chance to see towering dunes, lush oases with flamingos, and the wild coastline, with a flight over the Hoanib watercourse.
- Guided drives reveal rare desert-adapted wildlife.
