

A lioness is walking through a wet, grassy field in the Okavango Delta. The field is covered in small, green, tufted plants growing in shallow water. The lioness is in the center-right of the frame, walking towards the left. The background is a vast expanse of this wetland landscape under a clear sky.

## ABOUT THE AREA

Mababe spans over 50,000 hectares between the Okavango Delta, Moremi, and Chobe. Fed by the Mababe River and Okavango waters, its nutrient-rich grasses support a unique mix of habitats: grasslands, woodlands, and marsh. This diverse ecosystem attracts large herds, plentiful predators, and rich birdlife. Each year, the 2,600-hectare marsh is replenished by seasonal inflow, drawing wildlife from all around.

## CAMPS TO COMBINE WITH

- Kwetsani
- Little Vumbura
- Savuti

## ACCESS TO CAMP

- 40m helicopter transfer from Maun
- Charter flight from Kasane and a 7min helicopter transfer from Santawani Airstrip

## HIGHLIGHTS

- The best viewing of mega herd aggregations and predator-prey interaction.
- Prime position in an exclusive wildlife area between the Okavango Delta and Chobe.
- The closest water source for hundreds of miles to the east, north and south, attracting herds of plains game, and incredible diversity of other wildlife.

## BEST TIME TO TRAVEL

### November to February

- A season of abundance as antelope enter calving season, and predator activity increases
- Summer migrants arrive in vibrant breeding plumage.
- Superb photographic conditions: rich light, colour, and subject matter.

### April to May

- Rainfall decreases and temperatures begin to cool.
- Vegetation dries out; trees begin shedding leaves.

### June to August

- Leafless woodlands offer excellent visibility.
- Cool, dry days with chilly mornings and evenings.

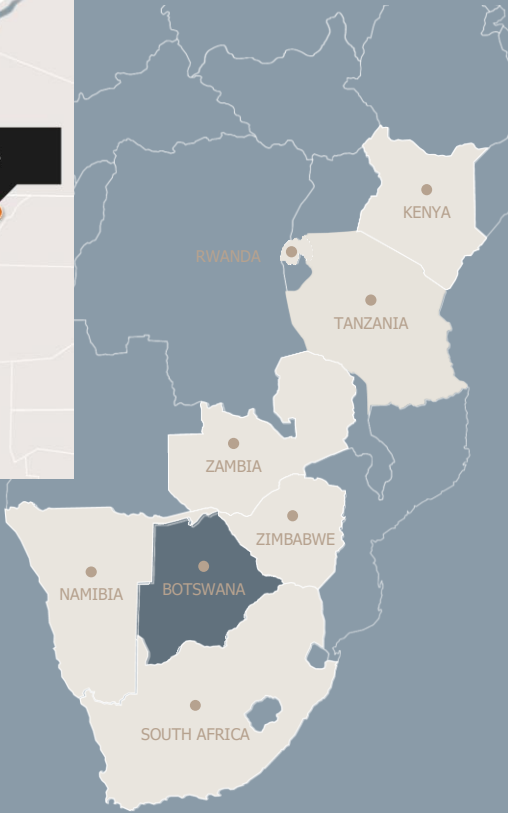

### September to October

- Temperatures rise, peaking in October.
- Continued dry conditions enhance wildlife sightings as water sources dwindle.
- Occasional rainstorms mark the start of seasonal change.
- Vegetation begins to green and thicken.

WILDERNESS

# KING’S POOL CAMP

# WILDERNESS KING'S POOL

The story of our business is one best told in two halves:  
Conservation and Hospitality. These halves are equally important  
and deeply linked

## HOSPITALITY

By bringing guests to discover the  
beating pulse of Earth's ultimate  
untamed places...

Our hospitality success dictates our  
conservation impact efforts...

The more guests and partners we  
involve in our purpose...

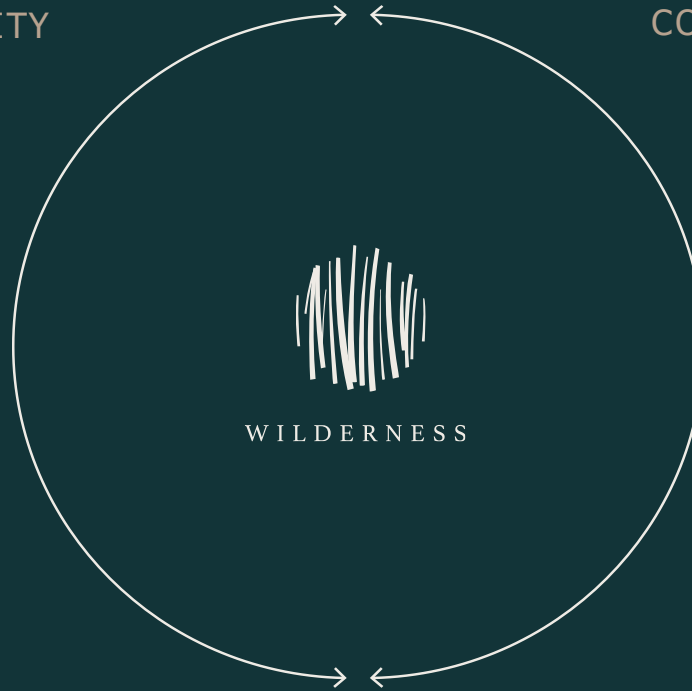

## CONSERVATION

...we impact communities through park lease  
fees, employment and by using locally  
sourced produce in our camps.

...as it enables us to support educational  
programmes, human-wildlife conflict  
and ongoing empowerment

...the greater the impact we can have in helping  
to protect these iconic and wild destinations.

## OUR IMPACT ON CONSERVATION AND COMMUNITIES

Across the majority of our areas of operation, limited access to education and economic opportunity lead to over-reliance on the environment and threats to biodiversity conservation. Our Impact framework seeks to address these challenges through three pillars.

## THREE PILLARS OF OUR IMPACT STRATEGY

### EMPOWER

Employment and local small-business support reduce reliance on natural resources. This mitigates the knock-on impact on wilderness and wildlife

### EDUCATE

Children in the Wilderness runs environmental education programmes in partner schools to improve economic opportunity, family resilience and support for conservation.

### PROTECT

The Wilderness Trust NPO supports projects addressing the needs of existing wildlife populations, seeks solutions to conserve endangered species and provides education for communities.
