ABOUT THE AREA

Perched on the Magashi Peninsula, Wilderness Magashi overlooks the shimmering waters of Lake Rwanyakazinga and the Mutumba Mountains in the west. Located in Akagera National Park – central Africa's largest protected wetland – it is Rwanda's last remaining refuge for savannah species, and tells a story of survival and regeneration, much like Rwanda itself.

CAMPS TO COMBINE WITH

- Bisate

ACCESS TO CAMP

- Approximately 4-hour vehicle transfer from Kigali to the entrance of the park gate
- Helipad: Magashi Helipad
- Duration to Camp: 10-minute vehicle transfer

HIGHLIGHTS

- Combine a Wilderness Magashi savannah safari with gorilla trekking for a superb East African experience.
- The only private wilderness area in Akagera National Park, Magashi offers premium and intimate guest experiences.
- A land of diverse habitats, guests can spot lions, leopards, black and white rhinos, elephants, buffalo, giraffe, zebras and hippos.

ABOUT THE AREA

Wilderness Bisate has dramatic views of the Bisoke and Karisimbi volcano peaks rising through the forests of nearby Volcanoes National Park. It is within easy driving distance of Park Headquarters, from where once-in-a-lifetime gorilla treks depart daily. Exploring around Bisate includes community visits, birding, golden monkey tracking, and helping reforest the area, Gorilla Guardian Village, the Twin Lakes of Ruhondo and Burera, and Dian Fossey’s grave.

CAMPS TO COMBINE WITH

- Magashi

ACCESS TO CAMP

- Approximate 3-hour transfer by vehicle from Kigali
- Helipad Name: Bisate Helipad
- Duration to lodge: Less than 5 minutes

HIGHLIGHTS

- The ultimate destination for mountain gorilla encounters.
- Award-winning, sustainable lodge with breath-taking views of six volcanoes, adjacent to Volcanoes National Park.
- The first of its kind in Rwanda, Bisate Kwanda (day lounge) accommodates earlier arrivals and later departures in comfort and style.

BEST TIME TO VISIT

March to May, October & November

- Regular rainfall leaves the air clear and thus provides better photographic opportunities
- Trees and plants start to flower, encouraging birdlife

December to February, June to September

- Two dry seasons: June-August and January-February
- While some rain still falls, this is a drier time of year with less muddy and dense conditions in the forests

BISATE

WILDERNESS BISATE

The story of our business is one best told in two halves:
Conservation and Hospitality. These halves are equally important
and deeply linked

HOSPITALITY

By bringing guests to discover the
beating pulse of Earth's ultimate
untamed places...

Our hospitality success dictates our
conservation impact efforts...

The more guests and partners we
involve in our purpose...

CONSERVATION

...we impact communities through park lease
fees, employment and by using locally
sourced produce in our camps.

...as it enables us to support educational
programmes, human-wildlife conflict
and ongoing empowerment

...the greater the impact we can have in helping
to protect these iconic and wild destinations.

OUR IMPACT ON CONSERVATION AND COMMUNITIES

Across the majority of our areas of operation, limited access to education and economic opportunity lead to over-reliance on the environment and threats to biodiversity conservation. Our Impact framework seeks to address these challenges through three pillars.

THREE PILLARS OF OUR IMPACT STRATEGY

EMPOWER

Employment and local small-business support reduce reliance on natural resources. This mitigates the knock-on impact on wilderness and wildlife

EDUCATE

Children in the Wilderness runs environmental education programmes in partner schools to improve economic opportunity, family resilience and support for conservation.

PROTECT

The Wilderness Trust NPO supports projects addressing the needs of existing wildlife populations, seeks solutions to conserve endangered species and provides education for communities.
