

WILDERNESS

DAVISON'S

UNIQUE SELLING POINTS

Davison's

- A true year-round destination, in summer, the famed Ngamo Plains near camp heave with plains game, followed by their predators – including lions, leopards, cheetahs, wild dogs and hyenas. And in winter large herds of elephants and buffaloes congregate to drink from the pumped waterholes across the private reserves, including in front of Davison's.
- Due to the ecological diversity (vast open palm-fringed plains, grasslands, acacia woodlands and teak forests) and fertile ground in the south-eastern corner of Hwange, as well as year-round access to water, the Linkwasha Private Reserve where Davison's is set, is a wildlife magnet.
- Access to the equally abundant and adjacent Makalolo Private Wilderness Reserve means Wilderness guests have exclusive access to 34 000 hectares (84 000 acres) of land.
- Out-of-camp adventures include nature walks, day and night game drives, encounters with the Scorpion Anti-Poaching Unit, and venturing further afield for a cultural visit in our nearby community.

DAVISON'S PURPOSE

Your presence matters

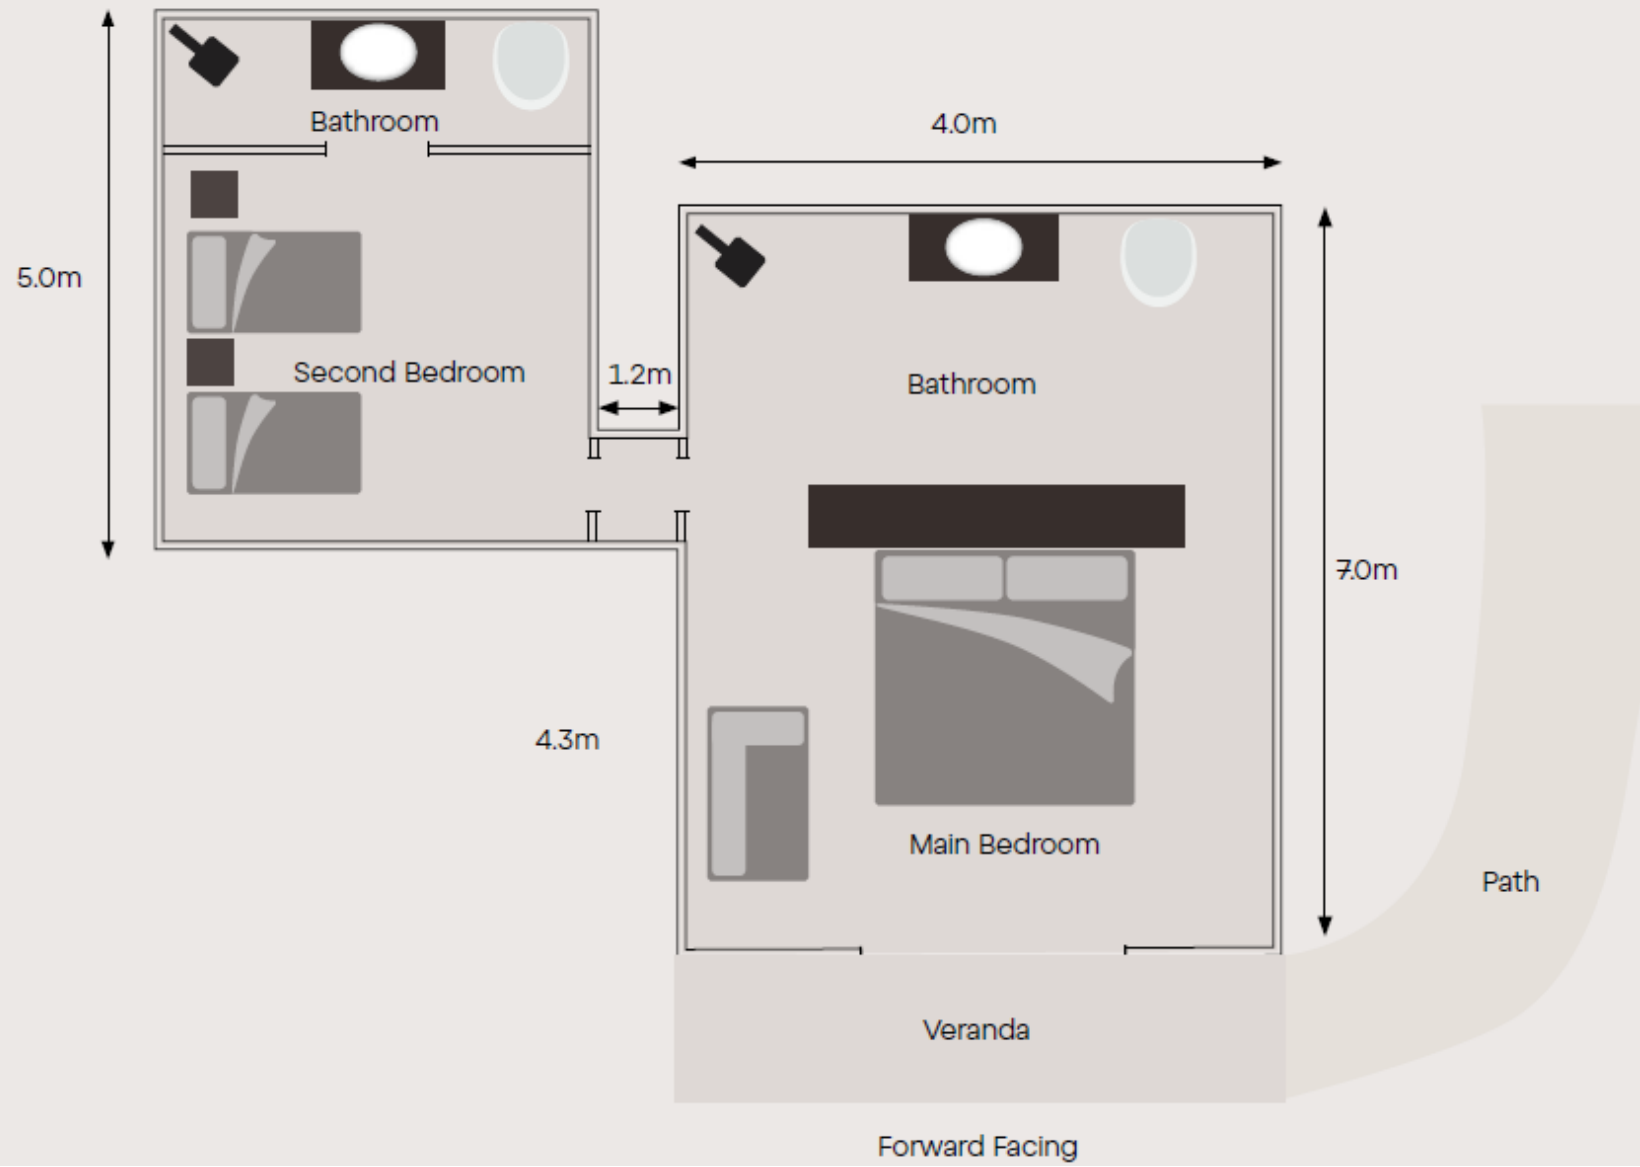

As the concessionaire of the private Linkwasha and Makalolo areas in south-eastern Hwange National Park, we have created meaningful partnerships with the Zimbabwe Parks and Wildlife Management Authority and other conservation entities, as well as the local communities, in order to protect the wildlife and support the people who live in surrounding villages.

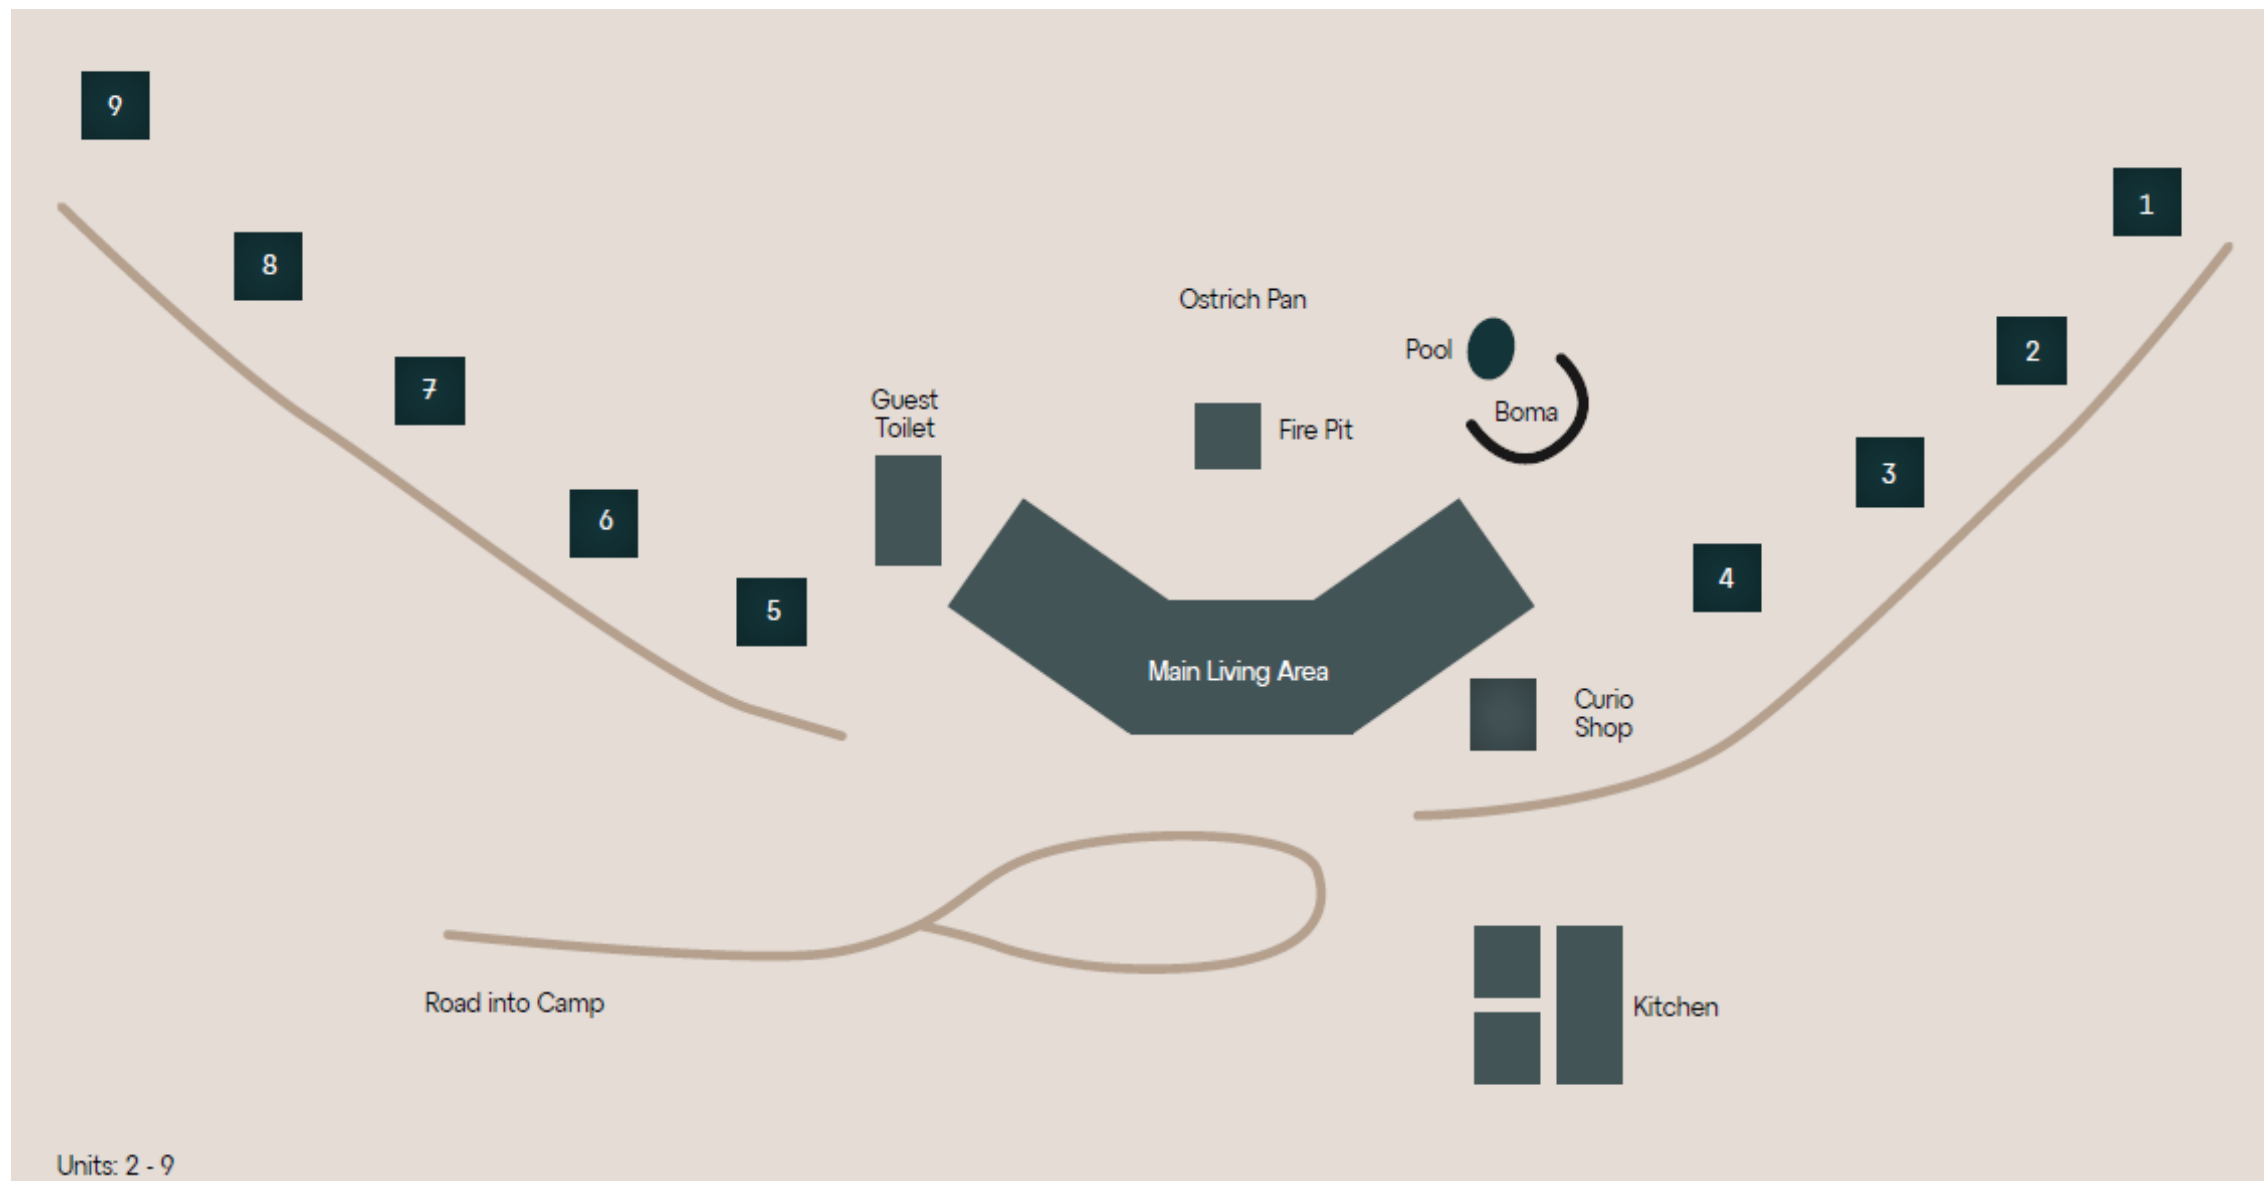

ACCOMMODATION

An authentic bush camp

- Named after the founder of Hwange National Park and its first warden, Davison's is an authentic bush camp that offers an affordable private safari experience within Hwange National Park.
- The camp has nine en-suite tents (including a family unit), an expansive and airy reception area and deck, a convivial firepit and pool, as well as an upper deck for superb views over the camp's productive waterhole.

Everything really - your way of servicing guests. Your attention to detail and making this not feel like a disconnected hotel. Loved your "local" in the room every night. The food, snacks, sundowner. Willingness to explore multiple habitats and animal environments. Thanks to all of you for everything.
