

Greetings from Africa!

Botswana is the premier expedition destination in Africa. Not only does this abundant country provide unforgettable safari experiences, it is also a great example of how conservation efforts have been applied to benefit the local communities. We offer three life-changing journeys into Botswana and with arrival of the inundation earlier this month, it is set to be a fabulous season so why not join us on a privately guided Exploration.

Embark on a journey [Into the Wilderness](#) where you can explore two unique wilderness areas that have been shaped by the southernmost fault lines of Africa's iconic Great Rift Valley: the fascinating wetland of the Okavango and the riverine woodlands of the Linyanti River. Our safari begins in the heart of the Delta exploring the Xigera Concession from the beautiful island that is home to Xigera Camp. Heading north to the Linyanti, discover the river and associated floodplains that often see large numbers of general game closely followed by their predators.

Highlights:

- Accommodation is in authentic, fully-serviced, luxury tented camps that also provide an intimate 'close-to-nature' experience.
- Experience an exceptionally diverse range of activities: walks, day and night wildlife viewing – both water- and land-based.
- The light aircraft transfers offer spectacular aerial views of the Okavango Delta.

On [The Great Wilderness Journey](#) you will explore Botswana's contrasts in scenic areas on a game-viewing adventure reminiscent of the days of the great African explorers. You'll encounter the world-famous Victoria Falls and explore Botswana's scenic northern areas: from the blue-green wetlands of the Okavango to the Linyanti and Chobe River systems renowned for their predators and large concentrations of game.

Highlights:

- Exclusive access to the wilderness areas of the Okavango Delta, Linyanti and Victoria Falls.
- Deluxe camping in two prime areas ensures holistic guiding and detailed insights into habitats and wildlife in the area.
- Exceptionally diverse range of activities and transfers between locations: walks, day and night wildlife viewing – both water- and land-based.

[Okavango Channels and Plains](#) sets out to explore the waterways of the Delta as well as the wildlife-rich savannahs of the south-eastern corner of the Okavango in the summer months. This very special time of year is when vibrant floral displays and dramatic skylines provide a stunning backdrop to thrilling wildlife interactions and the explosion of new life: many species give birth to their young.

Highlights:

- Explore by land, on the water and from the air: on walks, day and night game drives, boating, mokoro trips and light air transfers.
- Exclusive access to two primary wilderness areas in the Okavango Delta.
- En-suite accommodation with all the comforts and amenities elegantly provided.
