

### **Explorations Report and Availability- January 2014**

### Greetings from Africa

Voltaire (1694-1778) Writer and Philosopher once said "Every man is guilty of all the good he did not do" but with our Wilderness Philosophy of "We exist as we believe that the world's wilderness areas will save humankind. Our aim is to get to understand the wilderness better, to respect it, care for it and share it "... why not join a Wilderness Explorations journey to assuage that guilt!

#### WHY WILDERNESS EXPLORATIONS ARE UNIQUE?

Set out under the African sun to explore some of the continent's prime wilderness areas with our exclusive Explorations safaris. These spectacular journeys allow guests to discover remote and pristine areas in diverse private concessions while enjoying the most outstanding wildlife viewing. Our fully-serviced cross-country safaris cater for small groups (operating with a minimum of two and a maximum of eight guests) on a scheduled basis or are tailor-made for private groups. All of which allow for the most authentic African experience today.

#### **GUIDES**

- The secret to a fantastic Explorations trip is your guide, who leads the safari from beginning to end. Not
  only does this develop a relationship between you, but allows the guide to understand each individual's
  aspirations.
- Our guides are passionate, experienced and highly trained local individuals who make the whole
  journey seamless and interpretive from start to finish.
- Many are skilled photographers and can assist you in taking amazing wildlife photographs.
- These guides are also available to lead private tailor-made safaris and specialist trips some even offering multilingual departures.

#### **DEDICATED TEAMS**

 Each Exploration has a dedicated team that ensures a personal and comfortable experience for all guests.

#### PRIVATE CONCESSIONS

- Most of our Explorations take place in private concessions, which means that guests have private access to some of southern Africa's most pristine and finest wildlife reserves.
- Such exclusivity is enhanced by the fact that there is little contact with other people, excluding your fellow travelers.

### **TRAVELLING**

- Explorations are all about seeing the wide-ranging habitats in which we operate.
- A variety of travel modes results in a more fulfilling wildlife experience. Each Exploration uses different
  modes of transport depending on the environment and distances covered; however they also combine
  a number of the following: game drives, walks, mokoro rides, canoeing, boating and light aircraft
  transfers.
- Flying is a great way of appreciating the magnitude of your journey. While flying is not a part of every Exploration itinerary, almost all guests experience this fantastic mode of transport when flying in and out.
