& MANA POOLS
01 June – 31 October 2018

Making it easy – to book Zambia and combine it with Mana Pools!

This document has been compiled to assist you in planning a safari to Zambia, with the option of an extension to Mana Pools in Zimbabwe. Along with flight information and accommodation options, the suggested itinerary shows how it all comes together.

Suggested Itinerary – what an Adventure!

- Fly into Victoria Falls or Livingstone and spend 2 nights or more at **Toka Leya**. Staying at Toka Leya offers an introduction to the Zambezi River, the Victoria Falls, cruises, adrenalin activities, spa treatments, and rhino tracking.
- Fly from Livingstone to Busanga Plains (approximately 2 hours) situated in the Kafue National Park, for 3 nights at **Shumba Camp** or **Busanga Bush Camp**. Enjoy remote and vast plains, herds of lechwe and puku, hippos, lions, wonderful birding and the more unusual antelope like roan, sable and oribi. Activities on offer during your 3-night stay are day and night game drives, plus hot air ballooning in August, September and October (where a Conservation Fee of \$200 per person will be charged for in camp for this breath-taking experience).
- Fly to Lusaka from the Busanga Plains (approximately 1 hour). The journey continues with a 2- to 3-hour road transfer in an air-conditioned vehicle through the countryside to Chirundu. After clearing Zambian and Zimbabwean customs and immigration, there is another short road transfer to the Zambezi River. Embark on a speed boat trip down the Zambezi River (approximately 1 hour) to Mana Pools for a 3-night stay at either **Ruckomechi** or **Little Ruckomechi**. One of Africa's most beautiful national park, Mana Pools offers spectacular scenery of the Zambezi River and the Zambian escarpment, as well as large numbers of elephant in the dry months; other wildlife includes lion, leopard and hippo.
- Fly from Mana Pools to Harare (approximately 1.5 hours) or Victoria Falls (approximately 4 hours) for onward arrangements.

Link Kafue with South Luangwa via Lusaka		<i>Monday / Friday</i>
