

March 2018

Greetings from Africa!

We are delighted to share the news that one of our private Explorations guides – a talented photographic one at that – **Lets Kamogelo** has made the shortlist for the **We Are Africa Innovation Awards** in the Rise Africa category. This category celebrates up-and-coming under-35s making their mark on the African travel industry – from bloggers and influencers to truly passionate tour guides, top chefs and remarkable hotel personnel.

Lets was shortlisted for using his skills and passion to change lives and make a positive contribution to the conservation of Botswana's pristine wilderness areas. Registered delegates attending We are Africa can vote for **Lets Kamogelo** [here](#).

Our **private guides** are the vital link between you and the intricacies of the natural world. They love sharing their knowledge, and do so with passion and humour, making the whole journey seamless and interpretive from start to finish. They are all experienced and fully trained professionals, many who are skilled photographers and can assist you in taking amazing wildlife photography. These guides are also available to lead private tailor-made safaris and specialist trips – some even offering multilingual departures.

Here is what guests had to say about Lets and other private guides:

"**Lets** knowledge of Botswana's wildlife and photography were both stellar. He was great at anticipating an animal's movement to place the vehicle in the best possible spot for getting great pics."

"**Brooks** was absolutely wonderful! He seemed to have an endless knowledge of every animal we'd come across or hear. He understood their behaviours and what they were likely to do at any given time."

"**Ona** is the best I have had and I've had a lot traveling to 80 countries"

So why not enhance your safari by booking any of our private guides; for information on all our private guides [click here](#)
