

Greetings from Africa!

The balmy summer mornings in southern Africa have been replaced by the crisp winter dawn. As the mist hovers over the African savannah, our guests set off on their morning safaris anticipating the day's great sightings. The arrival of winter has heralded the start of the 2015 **Great Wilderness Journey** Explorations. The trip reports have already begun to filter back to the office, a wonderful reminder that working in the safari industry is all about creating life-changing experiences for our guests.

GREAT WILDERNESS JOURNEY

This spectacular 9-night safari visits Victoria Falls, Chobe, the Linyanti, the Gomoti area and the world-renowned Okavango Delta. The combination of these unique areas make for an all-encompassing safari experience. From the majestic **Victoria Falls** to the great game-viewing of **Chobe, Linyanti** and **Gomoti** to the pristine wilderness that is the **Okavango Delta** – the safari combines a variety of activities including day and night game-drives, walking and boating.

The Gomoti area, which lies to the south-east of the Okavango Delta, is a lesser known game-viewing destination in Botswana (we would like to keep it that way). The area is dominated by Acacia woodland linked by a mosaic of open plains. The abundance of general game, in conjunction with the open habitat, makes this the ideal area for some of the larger predators to reside. Evidence of this is that both Great Wilderness Journeys that have stayed at Gomoti this month have had sightings of **cheetah** and **wild dog**.

Accommodation on the Great Wilderness Journey is in walk-in tents. The beauty of these tents is that they allow one to experience the sounds of the African night from the comfort of their bed. We have just made some improvements to Linyanti Tented Camp (the image below shows the interior of a tent).

An additional highlight of the safari is that it is led from start to finish by one of our legendary Exploration **guides**. At Wilderness Safaris we believe that a safari is an experience that has the potential to change your life. It is not only about viewing wild animals in a pristine environment, but it is also an opportunity to learn more about other countries, cultures and nature in general. A **private guide** will ensure that you tick all of these boxes and get the most out of every minute of your safari. An added benefit is that after spending 10 nights with the same guide, guests will in all likelihood depart Botswana having gained a new friend.

For more information on the Great Wilderness Journey click [here](#).

UNIQUE SELLING POINTS – GREAT WILDERNESS JOURNEY

- *Spectacular game-viewing.*
- *Exclusive use of camp at Linyanti Tented Camp and Gomoti Tented Camp.*
- *Privately guided throughout.*
- *Easy to book.*

DIVERSE NAMIBIA

May has also seen us run some fantastic Diverse Namibia Explorations. A safari should offer a variety of experiences and the Diverse Namibia is all about contrast. This safari visits four iconic areas in Namibia – Sossusvlei, Swakopmund, Damaraland and Etosha National Park and combines the red dunes of Sossusvlei with the icy Atlantic water, the desert-adapted wildlife of Damaraland and the herds of Etosha. As with our **Great Wilderness Journey**, the **Diverse Namibia** Exploration is led by an experienced private guide throughout. Accommodation is in walk-in dome tents.
