Lower Zambezi National Park, Zambia

The Lower Zambezi National Park is found on the north bank of the Zambezi River in south-eastern Zambia. Until 1983, when the area was declared a National Park, the area was the private game reserve of Zambia's president, and as a result remains one of the few pristine wilderness areas in Africa. The Park lies opposite the famous Mana Pools National Park in Zimbabwe, forming a massive wildlife sanctuary on both sides of the Zambezi River.

Anabezi Luxury Tented Camp

Anabezi is exclusively located at the lower end of the Zambezi National Park. Offering relaxing and serene isolation, the camp comprises 10 spacious luxury tents on raised timber platforms. Due its location on the edge of a ridge, the views of both the Zambezi River and Mushika River flood plain are fantastic. Here guests can enjoy game viewing by boat, by canoe, by game drive vehicle or on foot on a walking safari.
