

BEST OF BOTSWANA

Our suite of our extraordinary camps, set in prime locations in the finest private areas, eagerly awaits the opportunity to host your clients, and to continue our legacy of life-changing experiences...

[CHECK OUT ALL THE LATEST COUNTRY INFORMATION HERE](#)

OKAVANGO DELTA

This World Heritage Site boasts enormous concentrations of plains game and predators. And with optimal water levels thanks to excellent summer rains and an impressive inundation this year, an unsurpassed wilderness experience awaits our visitors.

LINYANTI WILDLIFE RESERVE

Famous for its iconic floodplains and epic riverine vistas along the last visible vestiges of Africa's Great Rift Valley, the Savute Channel and Linyanti Swamp host arguably the greatest diversity of habitat in northern Botswana, and an equally diverse and dense wildlife array.

KING'S POOL

CENTRAL KALAHARI GAME RESERVE

Summer at Kalahari Plains is a photographer's dream, with horizon-wide tableaux of arid-adapted oryx and springbok, as well as thrilling cheetah and the area's legendary black-maned lions, set against a backdrop of shimmering seasonal grasses and pans.

KALAHARI PLAINS

For your peace of mind...

The intimacy and remoteness of our camps mean they're ideal for social distancing, while our stringent health protocols on Wilderness Air and in camp, as well as those implemented by the Botswana government, offer complete peace of mind.

Air access is possible from South Africa with Airlink and Air Botswana flights, or from Zambia via Lusaka and Livingstone. From 1 December, the road borders open with Zimbabwe, allowing transfers between Victoria Falls and Kasane.

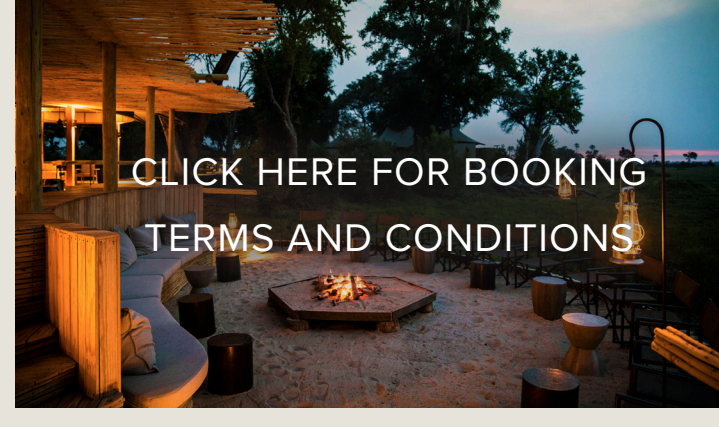

HOW TO BOOK

Our team of journey specialists will guide you through the booking process and help you connect all the dots.
