

ABOUT

Untamed is an invitation to reconnect with the rhythm of the land, to breathe deeply, and to surrender to nature's embrace. At its core, this curated home, body and skincare collection weaves together the ancient wisdom of botanicals that have flourished for millennia.

A fresh citrus aroma uplifts the senses, while the fynbos oil of Cape May evokes a herbaceous aroma. Chamomile, Vetiver, Petitgrain and Sage provide deep relaxation, Juniper purifies and revitalises the skin, and Namibian Myrrh brings a deep, resinous warmth. This wild, grounding fusion of ingredients nourishes, refreshes and restores, immersing you in the essence of Wilderness.

This is more than a fragrance. This is Africa, distilled.

Creating Untamed

The Untamed Collection was created in collaboration two African brands that share our deep respect for nature and our commitment to making a meaningful impact.

COR

COR is a South African skincare brand that specialises in high-quality, natural formulations that blend functional fragrance with therapeutic benefits. Their blends are designed to enhance the senses and uplift the mood through the power of fragrance, while being vegan, cruelty-free, and free from parabens, sulphates and harmful chemicals.

Simply Skin

Simply Skin is a family owned and run amenities business in Zambia, with a dedication to meaningful local impact. They operate a community-based school and women's empowerment project on their farm, where they create all natural skincare products.

Enjoy the essence of Wilderness in our curated range of Untamed products, just for you.
