

WILDERNESS
SAFARIS

To celebrate the opening of our newest camps in **Namibia** (Serra Cafema), **Zimbabwe** (Chikwenya) and **Botswana** (Mombo), we have put together three agent Fam trips travelling in **May 2019**.

More than just a safari, each of these journeys will take us behind the scenes to learn all about the role ecotourism can play for Conservation and Community Empowerment in some of the most remote and wild corners of southern Africa.

We still have last minute available spots on each of these, so get in touch if you would like to participate in these unique adventures!

Namibia

PRIVATE EXPLORATION, HIMBAS AND *Community Partnerships*

Discover the wonders of Namibia by road and air on this privately-guided journey!

The first part of this fam trip is a privately guided Exploration-style road trip taking us from Windhoek for a first-class safari in Ongava Reserve, bordering Etosha National Park. Your guide and vehicle then drive you to Damaraland Camp, the first successful joint venture between an ecotourism operator and a local community in Namibia. Learn all about our ground-breaking community partnership, meet the incredible people that make this camp's atmosphere so unique, discover the striking landscapes and head out in search of desert-adapted elephant and other creatures. After your 2 nights in Damaraland, fly to another camp born out of a community partnership, this time with the Himba people: Serra Cafema. Enjoy this brand-new camp, learn about the customs and traditions of the semi-nomadic Himba community in a respectful manner and lose yourself in one of the most remote corners of Africa!
