

*NEW Itinerary  
Upgraded Camps*

## MIGRATION ROUTES

Our popular Exploration, Migration Routes, has had an upgrade both in accommodation and itinerary!

Both Khwai and Linyanti Adventurer camps now sport the brand-new Adventurer tents, which are more spacious and luxurious than before, yet in keeping with the authenticity for which our Explorations are known.

The itinerary has been amended for the 2014 season to start in Maun and end in Livingstone. This new direction will ensure a better flow of camps, moving from a Trails camp, then to Adventurer and finally ending with a Classic Camp.

In addition, the itinerary introduces us to the heart of the wetland wonder of the Okavango Delta at Xigera, before moving gently north-eastwards through the Khwai area, on to the Linyanti before ending at the world-famous Victoria Falls as a grand finale, staying either at Toka Leya or The River Club, both on the Zambian side of the Falls.
