

Experience Positive Impact with Wilderness in Botswana

W I L D E R N E S S

Please join us to experience an impactful safari to the Okavango Delta and Linyanti in Botswana, hosted by Wilderness Group Impact Manager, Vince Shacks. On this journey, you will learn more about how we channel our conservation and hospitality business to make a lasting, positive difference to wildlife, wilderness and local communities.

Your stay includes single accommodation, meals, local drinks, activities, all air transfers within Botswana, and your international flights.

26 November to 2 December 2023

WILDERNESS CHITABE

Chitabe is located on private conservation land in the Okavango Delta, bordered on the north by the famed Moremi Game Reserve. The camp is well-known for outstanding wildlife numbers and biodiversity, and thrilling predator-prey sightings. Each guest's stay has a positive impact on the wild animals that call the Delta home, through Chitabe's support of Wild Entrust Africa, the umbrella organisation for all large predator conservation research in Botswana. During your stay, you will also learn about how the camp benefits employees through support for education and profit-shares.

WILDERNESS DUMATAU

DumaTau is nestled between two busy elephant corridors in the Linyanti Wildlife Reserve, with 45km of river frontage making it an exceptional safari destination. The game viewing is outstanding, with wildlife frequently moving through the camp. The elephants that pass by DumaTau are part of the biggest population on the continent and the presence of the camp helps to conserve this crucial piece of land in the Kavango-Zambezi Transfrontier Conservation Area.

WILDERNESS VUMBURA PLAINS

Vumbura Plains, in the heart of the Okavango Delta, is a model of impactful tourism, celebrating our proud partnership with the Okavango Community Trust and its residents from five local villages. The mutually beneficial partnership, spanning several decades, has positively contributed to community upliftment, income generation and skills development for the local villages whilst conserving this pristine wilderness area. During your stay, you will visit this community and learn how Wilderness works with NGOs in order to achieve this.
