

WHITE DESERT  
ANTARCTICA

# ICE AND FIRE

ANTARCTICA & RWANDA

WILDERNESS  
SAFARIS

13 nights, 14 days  
(Cape Town, Antarctica, Rwanda)

This 14-day journey offers one of the most exciting and unique wildlife experiences in the world: intimate encounters with weeks-old emperor penguins and endangered mountain gorillas. Witness a colony of 14 000+ emperor penguins and their young chicks, and go abseiling, ice-picking and fat biking, all while enjoying the best in Antarctic luxury at Echo, White Desert's brand-new camp. After a few days of rest and reset in Cape Town, embark on a four-night journey through Rwanda to revel in Kigali's rich history and marvel at Volcanoes National Park's Endangered mountain gorillas.

## MORE ABOUT WILDERNESS SAFARIS and WHITE DESERT

As leaders in responsible tourism and conservation, Wilderness Safaris offers unforgettable luxury adventures that help preserve biodiversity, conserve wildlife and uplift local communities. Since its founding in Botswana in 1983, Wilderness Safaris has shared its passion for Africa, as well as its custodial sense of protection, and the urgency to protect these ecosystems and the life they support, with thousands of guests. Operating in seven countries across some 40 diverse camps, and protecting 2.3 million hectares (5.6 M acres) of Africa's wilderness, Wilderness Safaris is the world's largest conservation tourism platform.

Founded by world-record polar explorers, White Desert has transformed the isolated beauty of Antarctica into an exclusive playground, offering luxury accommodations and a host of adventurous experiences, including ice climbing, abseiling, rock climbing, and rope walking, as well as the rare highlight of visiting the South Pole. Protecting Antarctica's future is fundamental to White Desert's mission. In addition to supporting scientists performing ground-breaking research on the Antarctic ice shelf, White Desert's operations leave no waste on the continent and their camps are built with the lightest environmental footprint, similar to those of Wilderness Safaris, where all elements can be disassembled, leaving no trace.

As pioneers of impactful, yet luxurious expeditions to Africa and Antarctica, Wilderness Safaris and White Desert have a shared desire to conserve and protect the pristine wilderness areas in which they operate. Through these adventure-filled journeys, guests will not only be exposed to new landscapes, cultures and ecosystems, but also to new ways of viewing the world, our place in it and, ultimately, its sustainability.

ANTARCTICA

## ITINERARY

Days 1-2: Cape Grace, Cape Town, South Africa

Days 3-7: Echo, Antarctica

Days 8-9: Cape Grace, Cape Town, South Africa

Day 10: Kigali Serena Hotel, Kigali, Rwanda

Days 11-13: Wilderness Bisate Lodge, Volcanoes National Park, Rwanda

Day 14: Departure

Arrive in Cape Town, South Africa where you will be met by a Wilderness Private Journeys Guide. Consistently lauded as one of the world's top destinations, Cape Town offers the ideal starting point for this unforgettable journey. Explore the Cape's remarkable ocean vistas and world-renowned winelands. During your stay here, White Desert will conduct a comprehensive safety briefing for your adventure to Antarctica on Day 3.

Board a private jet for a 5-hour flight to White Desert's newest camp, Echo.

Inspired by the seminal age of space exploration and built from composite fibreglass, each of Echo's six cutting-edge Sky Pods features floor-to-ceiling windows offering uninterrupted views of the dramatic Antarctic landscape. Three wilderness guides and a personal chef make this experience as luxurious and bespoke as it is adventurous.

During your five-night stay, take a 2-hour flight to Atka Bay where you will have exclusive access to one of nature's most spectacular and least-viewed wildlife events: the birth of emperor penguin chicks. During the long, dark winter months, the male penguin carries a single egg on his feet until it hatches, while the female hunts out at sea. To keep warm, adult males shelter from the wind in a constantly shifting huddle, until the females return in the spring.

Return to Cape Town aboard the same private jet and spend two days enjoying the Cape with a Wilderness Private Journeys Guide.

## ITINERARY

Next up, Kigali, the bustling and culturally rich capital of Rwanda, where a Wilderness driver-guide will introduce you to the country's intriguing history. A helicopter flight takes you to award-winning Wilderness Bisate, located on the edge of Volcanoes National Park, for one of the most iconic African wildlife experiences: gorilla trekking. The Forest Villas at supremely elegant Bisate are located on the slopes of an eroded volcanic crater, overlooking two of the Virunga Massif's enormous extinct volcanoes, Bisoke and Karisimbi.

In addition to observing a large family of gorillas interacting, you can also trek to see a family of highly entertaining, endemic golden monkeys in the park. Guests must be 15 years or older to go gorilla trekking.

Your onward travel to a port of international departure can be arranged with your Wilderness Safaris Travel Designer.

# ABOUT ANTARCTICA

## SEASONAL HIGHLIGHTS

- Temperatures: -10°C to -1°C (14°F to 27°F).
- 24 hours of daylight.
- Best chance for calmer seas.
- Glaciers are actively calving.
- Long, drawn-out dawn and dusks creating seemingly everlasting late-night sunsets and sunrises.

Strong conservation ideals.

Remote and exclusive.

An integrated ecotourism and conservation model.

Antarctica is larger than China and India combined and is the coldest, windiest, driest and highest-altitude continent on Earth.

It is the only continent with no native human population.

The continent is almost entirely covered by ice averaging 1.9 km (1.2 miles) in thickness, reaching a maximum depth of 4.5 km (2.7 miles).

It is home to 80% of the world's fresh water, yet no rain has fallen in Antarctica for more than two million years; on average, less than 10 mm p.a. of snow falls in Antarctica.

Nobody owns, or can claim sovereignty over, Antarctica, which is governed by an international treaty signed by 54 nations.

Antarctica is the only continent with no official time zone; White Desert uses UTC throughout its Antarctic operations.

## Some of the effects of White Desert's ecotourism presence in Antarctica.

Carbon-neutral since 2007, White Desert is the only air operator on the entire continent to be fully carbon neutral. All solid waste is transported out of Antarctica at the end of the season, and we are working to remove single-use plastic from all our operations. We use photovoltaic panels and solar air heaters. Only biodegradable soaps, shampoo and washing-up liquids are used in camp. We are the first Antarctic operator to utilise Sustainable Aviation Fuel in our operations. Founder Robyn Woodhead sits as Chair of the International Association of Antarctica Tour Operators (IAATO) Executive Committee. We believe that by showing people this incredible place, we are creating 'Antarctic Ambassadors' who will share the importance of conserving Antarctica for future generations. In addition to providing logistics support, we use our tourist infrastructure to support vital climate-change research.

## ABOUT ECHO, ANTARCTICA

Venture into the heart of Queen Maud Land and you'll discover Echo, White Desert Antarctica's brand-new luxury adventure camp. Just a 5-hour private jet flight from Cape Town, the camp is situated amongst pillars of rock, known as nunataks, rising 1 000 m vertically from the icecap. You'll find yourself quickly welcomed into this warm and inviting property, whose accommodation includes six state-of-the-art heated Sky Pods with en-suite washrooms and toilets. Uninterrupted views from the floor-to-ceiling windows are a feature of this ultra-modern camp.

Unwind in the communal lounge as you anticipate bespoke menus prepared by your personal chef. Expect hearty breakfasts, wholesome lunches and warming family-style dinners, with wines from Western Cape vineyards, freshly-baked bread and hot coffee. And enjoy a refreshing cocktail or two at the Ice Bar, made with 100 000-year-old ice.

Using Echo as a base, your adventure guide will introduce you to the stunning Antarctic wilderness where you can spend time hiking, climbing, ice-climbing, abseiling, fat biking and more.

# ABOUT VOLCANOES NATIONAL PARK

## SEASONAL HIGHLIGHTS

- Temperatures: 10°C to 20°C (50°F to 68°F).
- Endangered mountain gorillas reside at the highest elevation of all gorilla species.
- The golden monkey is endemic to the high altitude forests of the Virunga Massif, of which Volcanoes National Park is part.
- Lush and verdant rainforest landscape.
- Some +60 000 indigenous trees have been planted over the past five years as part of Bisate's pioneering reforestation programme to extend gorilla habitat in the park.

## WILDLIFE TO BE SEEN

Mountain gorilla

Golden monkey

178 bird species

Serval

Side-striped jackal

Black-fronted duiker

### Some of the effects of Wilderness Safaris' conservation tourism presence in Volcanoes National Park.

Wilderness Rwanda's pioneering vision of reforestation and rehabilitation at Bisate means that each guest contributes to biodiversity conservation and local community upliftment – making a far-reaching impact on an iconic endangered species: the mountain gorilla. Through our partnership with the surrounding community, over 200 people from the neighbourhood were employed for Bisate's construction, while a growing number of villagers are permanently employed at Bisate. A local co-operative facilitates the purchase of fresh produce and other goods from Bisate's neighbours.

## BISATE

At Bisate, six en-suite Forest Villas perched dramatically on the slopes of an eroded volcanic crater embody Rwanda's rich culture. From your deck, gaze through a curtain of mist at two extinct volcanoes, Bisoke and Karisimbi. Here, gorillas, now numbering more than 1 000 throughout the Virunga massif, await you. For one precious hour, your allocated great ape family may deliver your life's most astonishing encounter. Gorilla trekking is the star attraction, but Volcanoes National Park offers many other adventures including golden monkey trekking and a demanding hike to Bisoke's crater lake.

On lodge property, explore nature trails where birds proliferate and a camera trap recently recorded a first: a silverback gorilla lumbering along the path. Plant a tree for Bisate's reforestation project, helping to expand gorilla habitat and lure wildlife back to the area. Edifying cultural interactions, sophisticated, health-conscious dining, and exuberant hospitality all make your stay superior.

## RATE

Per person Sharing Rate (min 2) - USD 80 680.00

Single Traveller rate - USD 122 445.00

Single Supplement - USD 35 490.00
